MEETING OF FEBRUARY 25, 1946

COUNCIL CHAMBER 647th MEETING

The six hundred forty-seventh regular meeting of the Council was held on the twenty-fifth day of February, 1946.

The meeting was called to order by Mayor Sperr.

Present: Mayor Sperr; Councilmen Hamlin, Nelson, Roberts and Rowe, Manager Kelsey, Attorney Kirkpatrick, Water Superintendant Hofmann, Auditor Phillips, Officer Burbank and Recorder Martin.

The minutes of the six hundred forty-sixth regular meeting of the Council held on the eleventh day of February 1946, were read and approved as read.

Mr. E.P,Standish came before the Council and made a request to build a frame addition to a residence at 2105 Washington Street. There was some discussion as this property was within the proposed fire Zone. It was moved by Sperr that in as much as the fire zone had not been established, the permit be granted. The motion was lost for lack of a second.

Mr. Kelsey reported that the Committee on investigation of an application for a sea-plane base in Milwaukie had heard of no protest against same and would therefore recommend that a permit be granted. It was moved by Hamlin and seconded by Roberts that a permit be granted to Messrs. Watkins and Reed for a sea-plane base in the Willamette River north of the foot of Monroe Street. Motion carried and so ordered. Mr. I.A.Jones and Messrs. Watkins and Reed thanked the Council and citizens of Milwaukie for their cooperation in this matter.

Ordinance Number 472 AN ORDINANCE providing for the vacation of Thirtieth Street in Brownell's Acres, from the north boundary of Harrison Street to the north boundary line of the Plat of Brownell's Acres, Milwaukie, Oregon and recorded in Bood 16 on page 27 of Record of Town Plats for Clackamas County, Oregon, was taken up for its second reading and read in full. After the Mayor called for any protest to its passage the vote was called and showed the following results· Ayes. Sperr, Hamlin, Nelson, Roberts and Rowe. Nays: None. Ordinance Number 472 passed the Council and was so declared by the Mayor.

It was moved by Roberts and seconded by Nelson that an ordinance be prepared providing that Ordinance Number 470 be amended to provide that improvement assessments may be levied not to exceed twice the assessed value of the property. Motion carried and so ordered.

MEETING OF FEBRUARY 25, 1946
cont'd.

Mr. R.C.Williams made objection, stating that his objection was for the reason that when property is bonded for twice its assessed value, and the City must pay any part of the bonded indebtedness, through failure of property owners to pay their assessments, the payments made up by the City come from all taxpayers therein.

Attorney Kirkpatrick read Ordinance 473, for its first reading. It was moved by Roberts and seconded by Nelson that Ordinance 473 be passed to its second reading. Motion carried and so ordered.

Mr. David Don, of the Public Utilities Commission and Messrs. Kieth and Bacon, of the Pacific Telephone and Telegraph Co. came before the Council in answer to an invitation extended them for the purpose of discussing the matter of the interexchange charge, billed to the City by the Telephone Company, for telephone service between the Fire Station and Kellogg Park. Mr. Don pointed out that there were approximately 150 telephone patrons living in Kellogg Park who would be affected by any change in the exchange boundary of the Telephone Company, and that these patrons would be entitled to protest any changes made. Attorney Kirkpatrick pointed out that the City limits were now at the north boundary of Kellogg Park and that Milwaukie should not be required to pay interexchange charges within its city limits. After considerable discussion, Mr. Don proposed that he would talk the matter over with the Public Utilities Commissioner, Geo. Flagg, and suggest that the Commissioner talk with the officials of the Pacific Telephone and Telegraph Company in an effort to have an adjustment made in this charge.

Mr. Don then made a report on the matter of Wig-Wag signals in Milwaukie. Request having been made by the City for three such signals at railroad crossings. Mr. Don pointed out that the Commission could not force the Railroads to put up Wig-Wag signals for protection of Highway travel, this being an obligation of the Highway or Street Departments.

Ordinance Number 474 was taken up and read. It was moved by Rowe and seconded by Nelson that Ordinance Number 474 be passed to its second reading. Motion carried and so ordered.

It was moved by Roberts and seconded by Rowe that the following bills be allowed and that the Recorder be directed to issue warrants for the payment of same;

Pacific Telephone and Telegraph Co.	2-4021	$ 8.40
" " " " "	2-4111	1.25
State Industrial Accident Commission		73.85
Milwaukie Review, Pub. Ord. 471, Fire permits, 1000 postage stamps		45.15

Motion carried and so ordered.

On motion duly made and carried the meeting adjourned.
