MEETING OF JULY 26, 1948
Cont'd.

Sunset Chamber of Commerce, of Banks, Oregon, be permitted to stage a parade or walking contest titled "Bunion Derby" along Front Street on Saturday, August 14, 1948. Motion carried and so ordered.

Manager Taber read letters from two engineering firms relative to water storage and system improvement, one from Stevens and Koon, the other from John Cunningham and Associates. It was moved by Hamlin and seconded by Mortensen, that the City retain Stevens & Koon as consulting Engineers for immediate plans for water storage, and long range program for the improvement of the water system including water mains. Motion carried and so ordered.

There was discussion on the street improvement program now being carried out. It was decided that while the equipment for resurfacing was here that the following much traveled streets be made non-skid. Washington Street from Main Street to Elmer, Elmer Street from Washington Street to Oak Street. Monroe Street from 21st Street to Campbell Street, and Campbell Street from Monroe to Oak Street.

It was moved by Hamlin and seconded by Frady that Attorney Kirkpatrick prepare an ordinance to change the name of Campbell Street to Monroe Street. Motion carried and so ordered.

Manager Taber reported that he had ordered three drinking fountains and they will be placed on the streets at the City Hall, Bank and Jr. High School Ball Park.

It was moved by Frady and seconded by Mortensen that the following bills be allowed and that the Recorder be directed to issue warrants for the payment of same.

General fund to the Revolving Fund 123.02, Water to Rev. Fund. 91.96	214.98
State Industrial Accident Commission.....	52.17
Milwaukie Water Dept., 37th Street Bond (improvement).....	99.61

Motion carried and so ordered.

On motion duly made and carried the meeting adjourned.

Ellen Martin
Recorder

MEETING OF AUGUST 9, 1948

COUNCIL CHAMBERS 706th MEETING

The seven hundred sixth regular meeting of the Council was held on the ninth day of August 1948.

The meeting was called to order by Mayor Sperr.

Present: Mayor Sperr, Councilmen Hamlin, Mortensen, Frady, and Nelson; Manager Taber and Recorder Martin. Absent: Attorney Kirkpatrick.

The minutes of the seven hundred fifth regular meeting of the Council, held on the twenty sixth day of July, 1948, were read and approved as read.

The minutes of a special meeting of the Council, held on the twentieth day of July, 1948, were approved as written.

Mr. Bernard M. Ford appeared before the Council on behalf of the Platters of Kellogg Creek Acres, and requested that the City of Milwaukie furnish water to this subdivision. It was moved by Frady and seconded by Mortensen that the matter of supplying water to Kellogg Creek Acres be referred to the Manager and that he be authorized to work out a plan

and agreement which would meet with necessary requirements, and to the satisfaction of both parties. Motion carried and so ordered.

This being the time set for the hearing on Sewer extensions, the Mayor called for protests against the same.

There were several citizens present who asked questions regarding costs per leniel foot, not understanding why the costs were higher on one side of the street in some areas. There were a few protests that the sewer was not deep enough to take care of basement drain. In some cases it was shown that these residences were below the street level on low lots. Mr. Taber volunteered to check each location reported. Manager Taber pointed out that in the Strawberry Hill Addition it was impossible to put the sewer deeper and that he had contemplated not putting the laterals on 37th and 38th streets north of Harvey but had talked with resident owners in this area and the majority had wanted the sewer even though it would serve to drain ground floor level only. Mr. Lloyd Bryant, owner of Lot 8, Block 3, Strawberry Hill Addition made protest on the grounds that only 16 feet of his lot is inside the City limits and that his house was outside, and that since he paid outside water rates he would like to be considered outside the City limits. Mr. E. R. Olson owner of Lots 7 & 8, Block 73, Minthorn and Mr. V. Callahan, owner of Lots 9,10,11,12,and 13, Block 73, Minthorn both appeared and stated that it had been agreed that they were to have Y openings in the sewer furnished them at points west of their property and in the case of Mr. Olson there was to be 30 feet of pipe put in on account of the sewer being too high to drain his basement in front of his house. Both men stated these openings had been promised them. Mr. Taber explained to the Council that this was necessary in both cases. The Council agreed that in order for the sewer to serve Lots 7,8,9, 10, 11, 12, and 13, Block 73, Minthorn, the extra Y's and necessary trunk line be put in.

Other protests that were voiced were objections to the way certain of the streets had been left after the installation of the sewer. Manager Taber explained that street work was being done as fast as could be and that all streets were expected to be back in good condition by fall.

The Council decided that they would extend the time for written protests to be made to August 19, and that all protests now in writing would be investigated and where adjustments were necessary they would be made.

Mr. E. Hammond, 2125 Willard Street came before the Council and stated that there was a very unsanitary condition on Lot 2, Block 1, Duersts Addition. Mr. Hammond also pointed out that during school season it was impossible for his customers to park near his ladder ship on 23rd Street. Manager Taber recommended that a curb be put in along the west side of 23rd Street and since the Ladder Ship, Sweet Ship and Lutherin Church are all in reality on 22nd Street, there would be room inside the curb for cars to get to their doors. This suggestion met with the approval of the Council and Manager Taber was authorized to execute the same.

Mr. Ed. Norbeck came before the Council and requested that the City pay the salaries for the instructors for North Clackamas County Recreation Center, for the last half of August, in the amount of $112.50. It was pointed out that since the City did not operate the Recreation Center and that since it was functioning for the entire area and not for the City only, it was not possible to pay salaries from City funds.

Manager Taber presented the agreement made between City of Milwaukie and Stevens & Koon, Consulting Engineers. It was moved by Hamlin and seconded by Frady that the Mayor be authorized to sign the Agreement. Motion carried and so ordered.

Ordinance Number 515 was taken up and read for the first reading. It was moved by Nelson and seconded by Hamlin that Ordinance Number 515 be passed to its second reading. Motion carried and so ordered.

It was moved by Frady and seconded by Nelson that the following bills be allowed and that the Recorder be directed to issue warrants for the payment of same.
