CONSENT CALENDAR

IT WAS MOVED by Martin, seconded by Hupp, that the consent calendar be approved. MOTION CARRIED and so ordered.

AUDIENCE PARTICIPATION

Dave Strauss, 10916 Woodhaven Place, spoke on the shortage of personnel in the Police Department. He requested that the Council formally request that State Police patrol McLoughlin Boulevard and the Expressway, thus relieving Milwaukie's Police. The Attorney stated that by State law, City police must take care of accidents within the city limits; therefore, they must patrol these highways to take care of accidents which occur and aid in preventing accidents. There was discussion concerning requesting additional State patrols in addition to Milwaukie's selective patrol. The Chief of Police stated that if the Council adopted a policy of City police not patrolling State highways, his officers might be in a position of not being able to enforce traffic regulations on State highways. For the next meeting, the City Manager will report on what additional patrol the State can give.

George Allen, 4799 Fieldcrest, Chairman of Community Image Committee, BPOE Lodge 2032, presented a program, Practicum in Local Government by Students, in which high school students are elected to positions of Mayor, Council, Planning Commission, Advisory Board, and various administrative city staff. The program's purpose, objectives and procedures were outlined, and the students elected and advisory staff from Rex Putnam High School were introduced. IT WAS MOVED by Hupp, seconded by Martin, that the Council accept this program and that it do all in its power to see that it fulfills all the expectations. MOTION CARRIED and so ordered. The Mayor stated that, starting with the next meeting, the student Mayor and Council will combine with the official Council at future meetings.

Memorandum from the City Manager dated February 17, 1972, was read which stated that staff investigation indicated approximately 25% of the downtown area streets and sidewalks need some form of repair or replacement. It was also recommended that those areas outside the city limits that can be served by gravity flow be included. This memorandum also suggested that a work session be set prior to March 6, 1972.
