ARTICLE 1 – RECOGNITION

This CONTRACT is entered into between the CITY OF MILWAUKIE, an Oregon municipal corporation, hereinafter referred to as "CITY", and AFSCME LOCAL 350-5, AFSCME COUNCIL 75 hereinafter referred to as "UNION"

The CITY recognizes the UNION as the sole and exclusive bargaining agent for the purposes of negotiations with the CITY for all regular and regular part-time employees that are or will come under the jurisdiction of the City of Milwaukie, with the exception of employees in the police bargaining unit, confidential or supervisory employees as defined by ORS 243.650 and employees who work less than 20 hours a week or temporary employees. Temporary employees are those working up to six (6) months duration or who work for up to 1039 hours in any calendar year.

A. Limited Term Employees

Any employee appointed to a position designated by mutual agreement between the CITY and the UNION as a "limited term" position. Limited term appointments shall not exceed two years. Limited term employees are covered by all provisions of this bargaining agreement except Article (10) Seniority and Article (15) Layoff.

B. Purpose

It is the purpose of this CONTRACT to maintain and increase individual productivity and quality of services, to prevent any interruptions of work and interference with the efficient operation of the CITY; and to set forth the full and complete agreement between the parties concerning wages, hours of work and conditions of employment.

C. Negotiations

The CITY agrees to negotiate only with the UNION through its negotiating agent or agents officially designated by the UNION to act in its behalf. The CITY further agrees that neither it nor any of its officials or agents will attempt to negotiate privately or individually with any member or members.

The UNION recognizes the CITY as the duly elected representative of the people and agrees to negotiate only with the CITY through the negotiating agent or agents officially designated by the City Council to act in its behalf. The UNION agrees further that neither it, nor any of its members or agents, will attempt to negotiate privately or individually with any Council member, manager or other person or persons.

D. New classifications

In the event the CITY establishes a new classification in the unit, the classification title, classification specification and proposed salary range shall be forwarded to the UNION for review and comment. If the UNION agrees with the salary range, it shall so notify the CITY within ten (10) calendar days. If the UNION disagrees with the proposed salary range, it shall notify the CITY within ten (10) calendar days and the parties shall meet to discuss this issue. If the UNION does not notify the CITY of its agreement or disagreement within ten (10) calendar days, it shall be considered that the UNION agrees with the salary range.

ARTICLE 2 – MANAGEMENT RIGHTS

A. Responsibilities

It is recognized that the CITY has and will continue to retain the exclusive right and responsibility to operate and manage the CITY, its departments, facilities, properties and the work related activities of its employees. Rights of employees and the UNION are limited to those rights set forth in the CONTRACT and provided by the United States and Oregon Constitutions, and the Charter of the City of Milwaukie.

Except as limited by the terms of this CONTRACT, the CITY's managerial and operational authority includes, but is not limited to, the right to determine the location of facilities and work stations; the right to establish, relocate or close existing facilities; the right to subcontract; the right to maintain discipline and control; the determination of safety, health and property protection measures; the right to direct all working forces, including the right to hire, suspend, discharge and transfer employees; the determination of the size of the working force, the allocation and assignment of work; the creation, combination, modification or elimination of positions, and the determination of work schedules and hours of work. The CITY's right to subcontract shall not be used for the specific purpose of undermining or discriminating against the UNION.

B. Contracting out

The UNION recognizes that the CITY retains the right to contract and subcontract work as it determines; provided that as to work presently and regularly performed by members of the bargaining unit, the CITY agrees to afford an opportunity to the UNION to meet and discuss the effect of such action on the employment level prior to finalizing and implementing its decision. The CITY agrees to give consideration to alternatives such as work force reduction by attrition, transfers to open vacancies and preferential rehiring when such contracting action will affect the employment level. Such considerations shall be within the CITY's primary requirement to maintain broad authority over its operations in order to provide efficient and economic services to the citizens of the community.

ARTICLE 3 – EMPLOYEE RIGHTS

A. Fair share

The terms of this CONTRACT have been made for all employees in the bargaining unit and not only for members of the UNION. It is therefore fair that each employee should bear a lawful fair share of the costs incurred by the UNION in meeting its responsibilities to negotiate and administer this CONTRACT for all members of the bargaining unit. Therefore, in accordance with applicable State law, the following provisions are agreed to:

1. Payments-in-lieu-of-Dues

Any employee in the bargaining unit who has not joined the UNION within 30 days of signing this CONTRACT or 30 days of becoming an employee shall pay the UNION an amount equal to each employee's share of the cost of negotiating and administering the contract. The UNION will identify the "payment-in-lieu-of-dues" amount to the CITY in the same manner it identifies dues.

2. Religious Objection

Any individual employee who has objection to the above, based on a bona fide religious tenet or teaching of a church or religious body, of which the employee is a member, shall inform the CITY and UNION of the objection. Such employee shall be allowed to contribute an amount equal to the payment-in-lieu-of-dues to a non-religious charity mutually agreed upon between the employee and the UNION. The employee shall furnish proof to the CITY and the UNION that this has been done.

3. Not Subject to Grievance Procedure

Any dispute between an employee, the UNION or the CITY concerning the amount of the payments in-lieu-of-dues or a religious objection is not subject to the grievance procedure. Such disputes are solely between the UNION and the affected employee and no recourse shall be available through this CONTRACT. The UNION agrees to indemnify, defend and hold the CITY harmless against any claims made or suits begun against the CITY as a result of this Section A.

B. Job posting

The CITY when it determines to fill a vacancy in the Career Service through competitive examination will send a copy to the following:

1. Each CITY facility with AFSCME UNION employees; and
2. The AFSCME UNION President.

The CITY shall post such job announcements on all bulletin boards for not less than seven (7) calendar days.

C. Part-time fringe benefits

Fringe benefits for part-time employees will be calculated based upon the budgeted full-time equivalency (FTE) of the position using the chart below.

<u>FTE Prorated Benefit</u>	
1.0 to .90 FTE	100%
.89 to .66 FTE	75%
.65 to .50 FTE	50%

Fringe benefits include sick leave, vacation leave, holiday leave, medical insurance, deferred compensation, shift differential, vision coverage, dental insurance and life insurance.

ARTICLE 4 – UNION RIGHTS

A. Officers & representatives

The UNION shall certify to the CITY Human Resources Director the names and addresses of UNION officers and representatives. The CITY may refuse to recognize such officers and representatives until so certified.

Payroll deduction of dues or payments-in-lieu-of-dues shall be made by the dispersing officer for the CITY each month to the Treasurer of the UNION without any requirement of specific authorization by the affected employee and shall continue for the life of the CONTRACT as long as the employee is employed in the bargaining unit. The amount of dues shall be indicated by the UNION to the CITY in writing and shall be effective on the date indicated by the UNION.

B. Access

UNION representatives shall be accorded reasonable access to CITY premises for the purpose of UNION business, provided that such access does not interfere with the performance by CITY employees of their duties and further provided that if such access is during work hours, such representatives shall give reasonable notice to the Human Resources Director of their intent to exercise the privileges of this section.

C. Interference of work

1. Duties

Duties required by the UNION of its officers, excepting attendance at meetings with the CITY or with supervisory personnel and aggrieved employees arising out of a grievance already initiated by an employee, shall not interfere with their or other employees' regular work assignments as employees of the CITY.

2. Approval

No UNION officer shall leave a duty or work station for purposes connected with the UNION office without the specific approval of the supervisor or other authorized management official.

3. Outside working hours

UNION activities will normally be carried on outside of working hours. It is further recognized that there are reasonable limited deviations from this policy such as posting of UNION notices and distribution of literature which do not require substantial periods of time. Where such activities cannot reasonably be performed except during scheduled working hours, and where such activities are performed without disruption of employee work performance, they are authorized and may be done without loss of pay to the employees involved. The UNION officer performing such union activities during working hours must give notice to and receive approval from the supervisor or other authorized management official to ensure the UNION officer is not disrupting employee work performance.

D. Strike/lockout

Neither the UNION, its officers or agents, nor any of the employees covered by this CONTRACT will engage in, encourage, sanction, support or suggest any strikes, slow downs, mass resignations, mass absenteeism, the willful absence from one's position or the stoppage of work during the term of this CONTRACT. Any or all employees who violate any of the provisions of this article may be discharged or otherwise disciplined as the CITY deems necessary.

There will be no lockout of employees in the unit by the CITY as a consequence of any dispute arising during the period of this CONTRACT.

E. Bulletin Boards

The CITY agrees to provide the UNION bulletin board space, in mutually agreed locations, for the use of the UNION in communicating with bargaining unit employees.

- 1.** Union representatives (those persons holding positions as officers within the UNION and/or AFSCME Council 75 Representatives) may use the CITY e-mail system to communicate concerning collective bargaining.
 - a) “Collective bargaining” means any of the following:
 - 1) Union announcements to the union membership (such as meeting subjects, dates and times);
 - 2) The meaning, interpretation or application of this contract;
 - 3) Grievances proposed in accordance with Article 16 of the contract;
 - 4) Matters related to the collective bargaining relationship between the CITY and the UNION.
- 2.** Union members may use the CITY e-mail system to contact UNION representatives and or the Council 75 representatives regarding collective bargaining, including any of the following purposes:
 - a) To arrange a date, time and location for a meeting concerning the meaning, interpretation or application of this CONTRACT.
 - b) To ask a question regarding the meaning, interpretation, or application of this CONTRACT.
 - c) To present a grievance pursuant to Article 16 of this CONTRACT, regarding the meaning, interpretation or application of this CONTRACT.
 - d) To request union representation in matters concerning the meaning, application or interpretation of this CONTRACT.

It is understood that there is no expectation of confidentiality or privacy concerning communications sent over the CITY e-mail system, and that the CITY reserves the right to access and disclose all messages sent over the CITY e-mail system for any purpose. It is expressly understood that there are no expectation of confidentiality concerning communications sent over the CITY e-mail system concerning grievances processed pursuant to Article 16 of this CONTRACT or negotiations between the parties to this CONTRACT.

The CITY e-mail system will not be used for political purposes at any time, and this limitation shall override any of the permissible uses of the e-mail system listed above. "Political purposes" shall include matters in support of or opposition to candidates or measures in any election, including UNION elections.

The CITY negotiating committee shall meet at mutually convenient times with the UNION negotiating committee. The UNION negotiating committee shall consist of not more than four (4) members selected by the UNION. Union negotiating committee members will suffer no loss of pay for their attendance at bargaining. Attendance will not result in any overtime obligations on the part of the City. Negotiation preparation meetings shall be conducted on the employees' own time, however, this does not apply to the UNION'S bargaining teams preparations directly before or after a negotiation meeting with the CITY.

ARTICLE 5 – NON-DISCRIMINATION

A. Not interfere

The CITY agrees not to interfere with the rights of employees to become members of the UNION, and there shall be no discrimination, interference, restraint, by the CITY or any CITY representative against any employee because of UNION membership or because of any employee activity in an official capacity on behalf of the UNION, provided such activity does not interfere with CITY operations in serving and carrying out its responsibility to the public and is consistent with the terms of this CONTRACT.

B. Apply equally

The provisions of this CONTRACT shall be applied equally to all employees in the bargaining unit without discrimination as to age, sex, marital status, race, color, creed, national origin, religion, mental or physical disability (subject to the individual's ability and qualifications to perform the duties of the classification), or political affiliation and other protected class as outlined by Federal or State law or City policy. The UNION shall share with the CITY the responsibility for applying this provision of the CONTRACT.

The UNION recognizes its responsibility as the bargaining agent for all bargaining unit employees and agrees to represent itself as a bargaining unit without discrimination, interference, restraint, or coercion, whether or not those members of the bargaining unit belong to said UNION.

C. Cooperation

Cooperate with investigation of complaints: In the event a discrimination complaint is made against either party, both parties agree to cooperate by providing information relative to the complaint.

D. Not apply to grievance/arbitration article

In recognition of the various state and federal laws and regulations dealing with and providing remedies for discrimination, the parties agree that the provisions of this article shall not be subject to Step 4 of the grievance procedure.

E. Gender reference

All references to employees in this CONTRACT designate both sexes, and wherever the male gender is used, it shall be construed to include male and female employees.

ARTICLE 6 – HOURS OF WORK

A. Work week

The workweek of full time employees shall be forty (40) hours. The workweek shall normally consist of five (5) consecutive days. However, the CITY reserves the right to determine the workweek based on the needs of the CITY and services to the public.

B. Workday (Split shift)

In the case of a split shift, the time an employee works in a day, after twelve (12) hours from the time an employee initially reports for work, shall be considered overtime.

C. Workshift

All shifts shall have a starting and quitting time established by the CITY.

D. Lunch & breaks

All employees who are scheduled to work six (6) or more consecutive hours shall be granted an unpaid lunch period of thirty (30) to sixty (60) minutes. Such lunch periods shall be scheduled as near as possible to the midpoint of the work schedule consistent with the CITY's need to provide service to the public.

All employees shall receive a fifteen (15) minute rest period for each four hours worked consecutively. If possible, such rest period shall be scheduled near the midpoint of the four-hour work period.

E. Changes

The CITY agrees it will not change the workweek to a four day work week, ten hour day schedule for any employee more than once per calendar year. If the CITY wishes to change the workweek for any employee to a four day work week, ten hour day schedule more than once per calendar year, the consent of the UNION shall be required. Return from the four day work week, ten hour day schedule to the original work week shall not count as a change in the work week.

Notice of seasonal changes in the work schedule shall be posted three (3) working days prior to the effective date of the change. At least three (3) working days notice shall be given to an employee prior to a temporary change for situations such as training or meetings outside of normal working hours.

F. Emergency Schedule Changes

If there is an emergency situation such as inclement weather that requires 24-hour operations the City may convert to a 24-hour operation immediately. In that instance anyone who is currently working will be allowed to finish any portion or all of their shift or go home unless that is the shift they are scheduled to fill for emergency situations. If an employee goes home they may either take the time off as LWOP or any accrued leave other than sick leave. If an employee works a swing or graveyard shift within the first 24 hours of the activation that employee will receive double time (call back rate) for that shift. Any subsequent shifts will be at straight time. If the emergency operation is called off by midnight all employees will resume their normal work schedule the following day and return to their normal straight time rate of pay for hours worked. If an emergency operation is called off between midnight and 7 a.m. those that have worked swing shift will be given the option of working the day shift at straight time, or taking LWOP or using any accrued leaves other than sick leave to cover the absence. Those that are working the graveyard shift will be given the option of staying up to six (6) hours more on the day shift at time and ½ for any hours over eight (8) in a shift. Those scheduled to normally work the day shift will be expected to report to work as already scheduled at a straight time rate of pay. This section also applies to work at the Emergency Operations Center.

G. Flex-arrangements

The grievance procedures set forth in this agreement shall not apply to flex arrangements.

1. Flex-time on infrequent basis

Employees may request flexible scheduling which permits infrequent modification of hours of work on a case-by-case basis. The purpose of this flexibility is to allow employees the ability to adjust the hours of a work shift. Such a modification is not automatic and is subject to approval of the supervisor and must meet the business needs of the City. A flexible work schedule shall still total forty (40) hours per week. Utilization of flexible scheduling must meet the following criteria:

- 1) Not exceed three (3) hours variance per day
- 2) Be mutually beneficial to employees and the City
- 3) Not negatively affect other employees
- 4) Not impede customer service or normal work process
- 5) Not generate additional labor costs or overtime
- 6) Occur during the same work day

Employee requests for flexible scheduling must be submitted to the supervisor at least twenty-four (24) hours in advance and in writing or by e-mail, unless the City waives said requirements. The supervisor must respond in writing or by e-mail.

2. Flex-time – Regular change to schedule

Employees may request a flexible schedule, which permits a modification to the regular work hours per day or days of work per week. Such a modification is not automatic and is subject to approval of the supervisor and must meet the business needs of the City. A flexible work schedule shall still total forty (40) hours per week. Adjustments to hours of work must:

- Not exceed ten (10) hours of work per day
 - Be mutually beneficial to employees and the City of Milwaukee
 - Not negatively affect other employees
 - Not impede customer service or normal work process
 - Not generate additional labor costs or overtime
- a) Requesting a modified work schedule on a regular basis.
 - b) Employee requests for flexible scheduling on a regular basis must be submitted at least two (2) weeks in advance and in writing or e-mail, unless the City waives said requirements. The supervisor must respond in writing or by e-mail and provide a copy of the request and response to Human Resources. Any approved changes will be documented in the employee's personnel file.
 - c) A regular change to schedule to permit flextime may only be requested once in a twelve-month period of time. However an employee may have their schedule reverted back to a five (5) day eight (8) hour day during the same twelve months at either the request of the City or the employee.
 - d) Either the City or the employee may revert back to a non-flex work schedule with two (2) weeks notice to the other party.

3. Impact on Overtime

When an employee requests a modified work schedule, that would result in the employee working more than eight (8) hours in a day, the City will not be responsible for overtime until the hours worked exceed ten (10) hours in any given workday or forty (40) hours in a work week. When the City requests an employee scheduled for an eight hour workday to work over eight (8) hours in a day or forty (40) hours in a week, the overtime provisions outlined in Article 9 of this contract will still apply.

4. Job share

At the CITY's discretion, more than one employee may occupy a single authorized position, as job share employees each working no less than .5 FTE.

- a) The conversion of a position from full time to Job Share status must originate with a written request from the employee occupying that full time position to the Human Resources Director. The CITY shall notify the employee requesting the job share of the CITY's decision in writing. Current employees in the department in which the position is created will have the first opportunity to apply for the job share position(s).
- b) Job sharing employees shall accrue vacation leave, sick leave and holiday pay based on a prorate of hours worked.
- c) Job sharing employees shall be entitled to share the full Employer paid insurance benefits for one (1) full time position based on a prorate of regular hours scheduled per week or month, whatever is appropriate (Reference Article 3, Section C). In any event, the Employer contribution for insurance benefits in a job share position is limited to the amount authorized for one (1) full-time employee.

H. City Closure

1. Emergencies

Jointly, we recognize that in times of emergency, employees will perform best if they know that their families are safe and secure. We will provide reasonable time for employees to contact their family and make necessary arrangement for their families safety and security, so long as the lives and property of Milwaukie residents are not placed in jeopardy. Off-duty labor or management personnel will do what they can to assist families of on-duty workers as much as possible.

Employees in “Operations” are considered to be essential personnel, and unless otherwise excused, must report to work in emergencies and in inclement weather situations.

2. Procedures

If an employee is advised by the City Manager or a department head not to report to work for other than a layoff or is sent home prior to the end of the shift for other than disciplinary reasons, the employee shall be paid his regular rate of pay.

If an employee is unable to come to work due to inclement weather conditions, the employee may request to: 1) make up the time during the week of absence; 2) take the time as leave without pay or 3) use accrued leave banks, other than sick leave, to cover the time off of work. If the employee elects to make up the time, it is subject to the approval of the supervisor consistent with the needs of the CITY so as not to incur overtime costs. In the event the employee does not select one of the above options, the absence shall be treated as unpaid leave.

It is the employee’s responsibility to check the CITY’S inclement weather line to see if they are to report for work. It is the CITY’S responsibility to have the inclement weather line updated by 6 a.m. on the morning of any CITY closure.

In emergency operations situations, the department head or designee shall be responsible for assignments of duties, as needed, to perform the tasks necessary for service continuance. Staff assignments, to the extent possible, shall be rotated through qualified personnel and posted in the JCB lunchroom and available through each Operations Supervisor.

Essential employees required to work after the City Manager closes city buildings and sends non-essential employees home will receive time and one-half(1 ½) pay for hours worked during this closure that would have been during normal business hours of the City (Monday through Friday, excluding weekends and holidays), but not for any time that the employee receives double time pay under Section F of this Article. Compensation shall not be paid twice for the same hours.

ARTICLE 7 – WAGES

A. Salary schedule

Wage rates for all classifications covered by this contract are contained in Appendices A of this CONTRACT. Each year the negotiated cost of living increase will be added to Range 1.0 Step A; from there the remainder of the schedule is developed with 5% differences between ranges and steps.

B. General Increases

Effective on the first day of the pay period of July 1, 2011 all AFSCME members will receive a cost of living wage increase of one and a half percent (1.5%).

Effective on the first day of the pay period of July 1, 2012 all AFSCME members will receive a cost of living wage increase in the amount of the CPI-U Portland, annual average, for the previous calendar year with a minimum of 2% and a maximum of 4%.

See ADDENDUM A for current wage increase information.

C. Longevity Pay

To recognize the importance of employee retention and reward employees for their dedication to the City, employees will receive one (1%) of their base pay added to base pay after ten (10) years of service. After fifteen (15) years of service, an employee will receive a total of two (2%) additional to base pay. After twenty (20) years of service an employee shall receive a total of three (3%) of base pay.

ARTICLE 8 – ADDITIONAL COMPENSATION

A. Assignment

1. Working Out of Class (WOC)

Employees assigned by the department head or his designees to perform the duties of a higher paid position within the bargaining unit shall be paid for all such work at a higher rate. If an employee is acting in capacity for a supervisor for one full work day or more the employee will be eligible for working out of class. The higher rate shall be the first step in the higher range that allows for a five (5%) increase but in no case shall the working out of class pay exceed ten (10%).

2. Stand-by

Nothing in this section shall be construed to abridge management's right to assign supervisory staff to these assignments. Supervisory staff must be qualified for the respective standby assignment.

Insofar as practical, all qualified Public Works personnel will be afforded the opportunity to participate an equal number of times in the standby program for which they are qualified to be assigned. During standby periods, employees shall be compensated:

a) Compensation

1.25 hours of compensation per day, to be paid to the employee at 2007/10 their hourly rate of pay; or to be taken as compensatory time off. The rate of holidays will be 2.50 hours per holiday spent on call.

If an employee is WOC during the day and required to carry a Pager after regular work hours, the employee will receive both WOC and standby pay.

b) General Standby Assignment

Qualified Public Works personnel may be requested to participate in a standby program to provide twenty-four (24) hour staffing in response to emergency situations. If stand-by is assigned, the personnel assigned must be qualified by having received adequate cross training in the assigned specialty. No employee may be on stand-by while on vacation or sick leave.

To qualify, one must be employed in any one of the following classifications:

Utility Worker I, Utility Worker II, Utility Specialist I, Utility Specialist II, Water Quality Coordinator, Facilities Maintenance Coordinator, Mechanic and any other non clerical bargaining unit positions that may be created in public works.

c) Telemetry/SCADA Response Assignment

To qualify for the Telemetry/SCADA response assignments employees must be adequately trained on the Telemetry (SCADA) system and be SCADA trained. Employees who do not qualify for either standby program under the provisions above, but who feel they are capable of making judgments in emergency situations without back-up, can apply to the Operations Director in writing for an exception to the qualifications. The Operations Director will respond in writing as to the decision and the reason for the decision. Employees may be withdrawn from any standby assignments if they demonstrate they are unable to handle the responsibilities involved.

3. Specialty Pay

The CITY may assign employees who provide knowledge, skill or ability to the CITY that is not a part of their regular job description and is not considered “working out of class” to a specialty assignment. Employees who have a specialty assignment are eligible for specialty pay for hours worked as part of that assignment.

a) Approval

An employee may be placed on a specialty assignment by a written request of the employee’s department head. This request must be approved by the Human Resources Director prior to the commencement of the specialty assignment. The Human Resources Director will consider requests for specialty assignments based on the following criteria: (1) the CITY needs and will use a special skill, ability or knowledge of the employee; (2) the special skill, ability or knowledge the employee uses outside the job classification of the employee; and (3) the special skill, ability or knowledge of the employee may be acknowledged by a certification or degree program. The Human Resources Director will reach a decision within fourteen (14) calendar days from receipt of the written request of the employee’s department head.

b) Rate

Employees who have been placed on a specialty assignment shall be compensated at the first step in the higher range that allows for a five (5%) increase but in no case shall the specialty pay exceed ten (10%) more than the employee's regular rate for the actual hours worked on the specialty assignment. The actual rate of pay will be determined by the Human Resources Director as part of consideration of the request. The amount of training required to acquire the special skill, ability or knowledge of the employee will be considered in determining the actual rate of pay.

c) Time limit

An employee may not be placed on a single specialty assignment that exceeds 4,000 hours in any five-year period. Should the department head require that the specialty assignment continue beyond this limit, then the department head will work with Human Resources to consider reclassification of the employee's position.

4. Coach

Employees will receive five (5%) of base pay rate for the work period that they are designated, in writing, by the department head, as a coach.

It shall be the responsibility of management to determine when and if an employee will be assigned a coach, who that coach will be, and the duration of the assignment.

Coaching includes the full responsibility for training an employee. A training schedule will be developed in advance. The coach will be responsible for a daily, weekly, and monthly evaluation. The coach will be responsible to the employee's supervisor for the performance evaluation of the trainee. The coach will be held responsible for satisfactory performance as a coach.

5. Appeals for WOC and Coach

If an employee believes they should be considered for working out of classification, specialty pay, or coaching pay for a temporary assignment (Sections 1,3, and 4 above), the employee may make a written request of their supervisor. If the employee does not receive an answer within fourteen (14) calendar days from making their request of their supervisor or if the employee does not agree with the supervisor's response, the employee may request that the Human Resources Director investigate the request. The request to the Human Resources Director shall be within fourteen (14) calendar days of knowledge of the above inaction by the supervisor or receipt of supervisor's decision. The Human Resources Director will make a decision within fourteen (14) calendar days of receipt of said request.

6. Shift Differential

The CITY agrees to pay twenty dollars (\$20.00) per month shift differential to those library employees covered by this CONTRACT who are required to work on evening shifts.

B. Incentives

1. Fitness / wellness

In order to reward the extraordinary health record achiever, employees shall be allowed to accrue eight (8) hours of fitness/wellness time for each calendar quarter during the fiscal year that accrued sick leave is not used. Any increment of sick leave taken, except bereavement leave, shall disqualify an employee from earning this benefit.

- a) Maximum accrual of Fitness/Wellness time earned is 80 hours at any given time. If your bank has reached 80 hours, you must take Fitness/Wellness time off in order to earn the additional 8-hours earned at the end of any quarter. You will not be credited for any time earned over the 80-hour cap.
- b) Requests for Fitness/Wellness time off shall be approved or denied in the same manner as requests for vacation time off.
- c) Upon separation from the City, accrued fitness/wellness will be paid to the employee.

ARTICLE 9 – OVERTIME AND CTO IN LIEU OF OVERTIME

A. Pay

Except as otherwise provided in this article, time and one half (1-1/2) the employee's regular hourly rate of pay shall be paid for all work performed in excess of forty (40) hours per week or eight (8) hours per day. In the case of a four (4) day work week ten (10) hour day schedule, all work performed in excess of forty (40) hours per week or ten (10) hours per day shall be paid at time and one half.

B. Regular day off:

1. Call-back

All call backs will be double time for actual time worked. The CITY agrees to guarantee a minimum of two (2) hours on all call backs. This means that if an employee is called back and works less than two hours he will be paid double time for two hours, and if he works more than two hours he will be paid double time for actual time worked. Time towards call back begins when the employee arrives at the CITY facility or job site (whichever is first) and ends when the employee leaves the CITY facility or job site (whichever is last). This section does not apply to clerks, secretaries, planners and others whose duties require them to attend meetings in the evening such as arraignments and CITY meetings.

If an employee is called back more than once during the initial two (2) hour call back, he will not receive an additional two (2) hour minimum call back for the additional call backs as long as the employee is still out on a call.

2. Rules Governing Arbitration

In connection with any arbitration proceeding held pursuant to this CONTRACT, it is understood by both parties as follows:

- a) The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify the terms of this CONTRACT. His power shall be limited to interpretation or application of the express terms of this CONTRACT, and all other matters shall be excluded from arbitration.
- b) The decision of the arbitrator shall be final, conclusive and binding upon the CITY, the UNION and the employees involved.
- c) Any necessary expenses for the services of the arbitrator shall be paid by the losing party. If the arbitrator determines that there is no prevailing party, the arbitrator may apportion each party's cost as is equitable. Each party shall bear the cost of presenting its own case.
- d) The CITY and UNION agree that the arbitrator's decision should be in writing and should be made in thirty (30) days.
- e) The arbitration shall be limited to the specific issues raised in the written grievance filed by the UNION.
- f) All three levels of the grievance procedure shall have first been exhausted unless the parties invoke Section B (3) of the grievance procedures.

The parties agree that in such cases the CONTRACT shall govern and the parties waive any and all rights and remedies granted by the CITY Personnel and Administrative Policies and Procedures.

ARTICLE 18 – SAVINGS/WAIVER OF BARGAINING

A. Savings

Should any article, section or portion thereof in this CONTRACT be held unlawful, invalid or unenforceable by any court of competent jurisdiction, such decision of said court shall apply only to the specific article, section or portion thereof, directly specified in said decision. Upon the issuance of such a decision, the parties agree to negotiate immediately a substitute, if possible, for the invalidated article, section or portion thereof.

B. Waiver of Bargaining

The parties acknowledge that during the negotiations which resulted in this CONTRACT, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this CONTRACT. Therefore, the CITY and the UNION, for the life of this CONTRACT, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this CONTRACT, even though such subject or matter may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this CONTRACT.

Upon mutual consent of the parties, special conferences may be held upon any subject.

ARTICLE 19 – FUNDING/BUDGET REDUCTIONS

APPENDIX C: LIBRARY VACATIONING SCHEDULING PROCEDURES

These procedures apply to Library Aide 1's (LA1) , Library Aide 2's (LA2) and Librarians, however each draws from their respective on call lists. These procedures apply to all paid time off except for sick leave, jury leave and bereavement leave, i.e. these procedures also cover compensatory time, fitness/wellness time and floating holidays. Management will accommodate vacation schedules to the best of their ability.

1. The first one, either LA 1, 2 or librarian, to request a day off will have the request approved. Other vacation requests will be approved contingent upon business needs considering such things as staffing levels on that particular day.
2. Vacation requests will be considered and approved in order of receipt for any particular day.
3. Once a vacation request is submitted, the employee shall receive a yes or no answer within ten days. Per the AFSCME union contract, if no answer is received within 10 days then the employee's vacation request is granted.
4. Once a time off request is granted, the request will not be affected by hours or staffing changes.
5. An employee requesting vacation time off shall put the request in writing or e-mail to his or her supervisor.
6. Vacation requests should be submitted ten days in advance in order for management to be able to find a replacement if one is needed. If the request is submitted ten days in advance, the following will apply:
 - a) The supervisor will review the vacation request for that period and determine whether or not there is a need for additional coverage during the period in which the vacation was requested. If there are any shifts, which will require additional coverage, then the employee will be given the option of finding someone to trade hours with if they want to minimize the amount of vacation time used. If this is not a concern, the employee may have his or her supervisor arrange for coverage. If the supervisor arranges for coverage the requesting employee will use accrued leave for his or her time off.
 - b) The supervisor will notify staff of a need for coverage to determine whether or not there are any interested employees. Regular status employees may only take additional hours to the extent that it does not impact their overall FTE status. If there are no employees who want the additional time, the supervisor will then contact on-call employees to meet the scheduling needs.
 - c) If a vacation request is made with less than ten days notice, management will still try to accommodate the request to the best of its ability. However, management may not be able to guarantee finding a replacement with that short notice.
 - i. An employee using sick leave will not be asked to find a replacement. Per the AFSCME contract, however, the employee should make every attempt to schedule doctors appointments during off work hours, particularly if the employee is working part-time and has some day time hours off work to schedule appointments.
 - ii. In order to allow different library staff to take vacations during the last two weeks of the year, and spring break week (as designated by the N. Clackamas School District) preference will be given to staff that did not receive time off during the

respective period the previous year.

- a)** Staff members who were granted vacation time during the last two weeks of the previous year may apply for time off during the last two weeks of the current year on or after September 1 of the current year. Those who did not use vacation time during the last two weeks of the previous year may apply for the corresponding weeks of the current year prior to September 1.
- b)** Staff members who were granted vacation time during Spring break of the previous year may not apply for time off during spring break of the current year until on or after January 1 of the current year. Those who did not use vacation time during spring break of the previous year may apply for the corresponding week of the current year prior to January 1.

**LETTER OF AGREEMENT
BETWEEN AFSCME UNION AND THE CITY OF MILWAUKIE**

At the request of the employees in the Stormwater and Wastewater department, the parties enter into the following agreement.

Beginning on May 6, 2013 and ending on September 6, 2013 the departments regular work schedule will be as follows:

Week one - Monday – Thursday, nine (9) hours, and Friday, eight (8) hours.
Week two – Monday through Thursday, nine (9) hours, and Friday off.
Workweeks will alternate week to week, between week "one" and week "two," as set forth above.

The workweek shall begin at 12:01 pm Friday and end at 12:00 Noon the following Friday. This workweek shall remain fixed, so long as employee continues to work this schedule.

Overtime, for full-time employees on this work schedule shall receive overtime for all authorized work in excess of nine (9) hours for each scheduled nine (9) hour workday; for all authorized work in excess of eight (8) hours for each scheduled eight (8) hours workday; and all authorized work in excess of forty (40) hours in any one (1) workweek.

The union agrees to waive the contract Article 10 section A requiring overtime payment to the employee for hours worked in excess of eight (8) in one day for the days that the modified schedule is greater than eight (8) hours in one day. On those days, employees subject to this schedule will be paid straight time for all hours worked up to nine (9) hours.

Employees and their supervisor will mutually agree to adjust his/her work schedule within the defined workweek period during a workweek when a compensable holiday occurs. The reason for the adjustment is to ensure a record of not to exceed forty (40) hours of paid time that includes the appropriate number of holiday hours. If needed, the employee may use accrued leave or compensatory time, or the employee may request adjustment of his/her work schedule to account for a full forty (40) hours in the workweek. Such adjustment shall be considered additional straight time worked rather than daily overtime hours. When the compensable holiday, or portion thereof, falls on the employees scheduled day off, the employee and supervisor will mutually agree on an alternative and commensurate time off within the workweek period.

If an employee takes sick leave on a scheduled nine (9) hour day, they will use nine (9) hours of sick time. If an employee takes sick leave on a scheduled eight (8) hour day, they will use eight (8) hours of sick time to account for a full forty (40) hours in the workweek.

Employees on this work schedule shall be granted two (2) fifteen (15) minute rest breaks on each workday and one (1) thirty (30) minute meal period. Rest breaks will be taken so far as practicable in the middle of each working period and considered as time worked for pay purposes. Meal periods will be taken within the first six (6) hours of the shift.

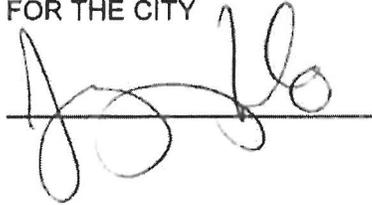

This agreement does not set precedent for other situations regarding hours of work or overtime payment as the contract is applied to other employees.

This agreement is established on an annual basis. The City is under no obligation to extend this Letter of Agreement beyond its expiration date. This agreement may be revoked by either the Union or the City at any time with a two (2) week notice to the other parties.

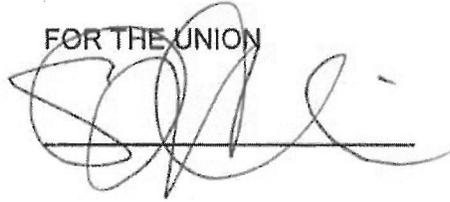

This Letter of Agreement expires September 6, 2013.
