MEETING OF JUNE 11, 1945

COUNCIL CHAMBERS

630th MEETING

The six hundred thirtieth regular meeting of the Council was held on the eleventh day of June, 1945.

The meeting was called to order by Mayor Sperr.

Present:- Mayor Sperr; Councilmen Hemlin, Nelson, Roberts and Rowe; Water Superintendent Counsell, Attorney Kirkpatrick, Engineer Milln and Recorder Martin. Absent: Treasurer Walcott, Fire Chief Lewellyn and Officer Butler.

The minutes of the six hundred twenty-ninth regular meeting of the Council, held on the twenty-eighth day of May 1945, were read and approved as read.

Mr. Sperr reported that the committee on the sidewalk on the Spring Creek fill on Monroe Street, had decided it would be better to have a guard rail independent of the sidewalk than one attached to the walk.

Attorney Kirkpatrick reported that he had made examination of the petition for a sewer on Monroe Street, between 29th and Campbell streets, and that he had found that some of the signers were not property owners, or if they were purchasing the property, they did not have their contracts recorded, and that there were not enough signers on the petition who were recorded property owners.

*River Vista*

Mr. V. D. Lawrence and other property owners from River Vista came before the Council and requested that the Council accept the street in River Vista in order that they could have a railroad crossing put in at the street. They pointed out that the Portland Traction Co. had refused them a crossing at the street and that without the crossing they would have no means of ingress and egress to their property. It was moved by Rowe and seconded by Nelson that the Mayor appoint a committee to make investigation of the matter. Motion carried and so ordered. The following committee was appointed: Roberts, Sperr, Kirkpatrick, Counsell and Milln.

The bids for putting in sidewalk and curb on Monroe street on the fill over Spring Creek were opened and read as follows:-

Theodore Witt . . . . . \$457.00  
Smith Bros. . . . . 556.00

Engineer Milln suggested that the Council withhold letting the contract until the committee could arrange the matter of completion date with the contractor.

It was moved by Rowe and seconded by Roberts that a committee, with power to act, be appointed to investigate an application for a building permit at 915 29th St. Motion carried and so ordered.
