An application for a recommendation of license for a Retail Malt Beverage, Class "A" (R.M.B.A.) license for "Smokey Joe's Pizza Parlor" at 1921 River Road, was laid before the Council by Robert J. Boss, who had recently purchased the business, from Beverly Andreasen. A report from Chief of Police Brittingham stated that the investigation made by the Police resulted in no record for Mr. Boss, and therefore recommended that the permit be recommended. It was moved by Graf and seconded by Slominski that the Council recommend the permit for Retail Malt Beverages Class "A" for Smokey Joe's Pizza Parlor at 1921 River Road. Motion carried and so ordered.

Manager Thompson reported that the Peter Pirsch Aerial Quintuple (Ladder) Fire Equipment had been delivered; that the Fire Chief had reported that it had been tested and found in complete and satisfactory condition, and recommended that the Council accept the same. It was moved by Graf and seconded by Slominski that the Council accept the Peter Pirsch Aerial Quintuple (Ladder) Fire Fighting Apparatus. Motion carried and so ordered.

Manager Thompson reported that he had ascertained the information that, in the event the County Clerk's Department conducted elections for the City, the charge for same would be the actual cost of such election. It was moved by Graf and seconded by Slominski that this matter be tabled until the August 23rd meeting. Motion carried and so ordered.

Manager Thompson laid before the Council a list of Personnel Rules for the Council's consideration. It was moved by Graf and seconded by Slominski that the Personnel rules be either posted or a copy sent to the heads of the different departments and that further consideration of this matter be tabled until the meeting of August 9. Motion carried and so ordered.

Mr. David Moncrief, 1935 Beckman Road, came before the Council and stated that when he purchased his property in Candlewick Park, he had been told that Beckman Road would be improved within a very short time; that as yet nothing had been done and asked why, and requested that something be done about this matter. Mr. Wm. Gorsline, 11920 Beckman Road stated that he had lived on Beckman Road for twenty years; that he also represented Mary Bocci and that they were vitally interested in having the road widened and improved; that at least 90% of the residents along the Road agreed with him, also stated that he would be willing to assist in securing the necessary right-of-way along the west side of the road. Others who voiced their requests for the improvement of Beckman Road were Mr. Brown, 11915 Beckman Road, and Mr. George Koehler. Mr. Kenneth Waymire stated that he was prepared to give 20 feet along the plat of Candlewick Addition and would provide his share of the cost of the improvement. Engineer Daigle reported that the engineering had been done for this improvement; that it would be necessary to provide a storm drain and that when he had contacted property owners along the west side of the street for right-of-way that some of them had ignored his letters and that therefore the program had been delayed. It was moved by Graf and seconded by Fuller that Beckman Road be improved by acquisition of right-of-way, where necessary and by curbs, proper drainage and paving, from Railroad Avenue northerly to Park Street and that the following Resolution be adopted.
