WHEREAS, the territory proposed for annexation is contiguous to the City's boundary and is within the City's urban growth management area; and

WHEREAS, the requirements of the Oregon Revised Statutes for initiation of the annexation were met by providing written consent from a majority of electors and all owners of land in the territory proposed for annexation; and

WHEREAS, the territory proposed for annexation lies within the territory of Clackamas River Water, Clackamas County Service District No. 5 for Street Lights, and Clackamas County Service District for Enhanced Law Enforcement; and

WHEREAS, the annexation and withdrawals are not contested by any necessary party; and

WHEREAS, the annexation was processed through the City's Annexation Assistance Program established by Resolution 38-2010; and

WHEREAS, the annexation will promote the timely, orderly, and economic provision of public facilities and services; and

WHEREAS, Table 19.1104.1.E of the Milwaukie Municipal Code provides for the automatic application of City zoning and Comprehensive Plan land use designations; and

WHEREAS, the City conducted a public meeting and mailed notice of the public meeting as required by law; and

WHEREAS, the City prepared and made available an annexation report that addressed all applicable criteria, and, upon consideration of such report, the City Council favors annexation of the tracts of land and withdrawal from all applicable service districts based on findings and conclusions attached hereto as Exhibit A;

NOW, THEREFORE, THE CITY OF MILWAUKIE DOES ORDAIN AS FOLLOWS:

Section 1. Findings. The Findings in Support of Approval and attached as Exhibit A are hereby adopted.

Section 2. Property Descriptions. The tracts of land described and depicted in Exhibit B are hereby annexed to the City of Milwaukie.

Section 3. Withdrawal from Service Districts. The tracts of land annexed by this ordinance and described in Section 2 are hereby withdrawn from Clackamas County Service District for Enhanced Law Enforcement and Clackamas County Service District No. 5 for Street Lights.

Section 4. Zoning and Land Use Designations. The tracts of land annexed by this ordinance and described in Section 2 are hereby assigned the following Municipal Code zoning and Comprehensive Plan land use designations.

2. The Annexation Properties are contiguous to the existing city limits through either their adjacency to private property within the city limits or recently annexed public right-of-way. They are within the City's Urban Growth Management Area (UGMA)

and are located throughout the NE Sewer Extension (NESE) Project Area. The NESE Project Area is primarily developed with single-family residential uses, with some commercial and industrial uses around the area's perimeter, particularly along King Road and Johnson Creek Boulevard.

3. The Annexation Properties seek annexation to the City to access City services, namely sewer service.
4. The annexation petition was initiated by Consent of All Owners of Land between December 12, 2011, and November 30, 2012. It meets the requirements for initiation set forth in ORS 222.125, Metro Code Section 3.09.040, and Milwaukie Municipal Code (MMC) Subsection 19.1102.2.A.1.
5. The annexation petition was processed and public notice was provided in accordance with ORS Section 222.125, Metro Code Section 3.09.045, and MMC Section 19.1104.
6. The annexation petition is being processed as an expedited annexation at the request of the Annexation Properties' owners. It meets the expedited annexation procedural requirements set forth in MMC Section 19.1104.
7. The expedited annexation process provides for automatic application of City land use and zoning designations to the Annexation Properties based on their existing zoning designations in the County pursuant to MMC Table 19.1104.1.E. Table 1 below summarizes the Annexation Properties' automatic land use and zoning designations upon annexation.

8. The applicable City approval criteria for expedited annexations are contained in MMC 19.1102.3. They are listed below with findings in italics.
- A. The subject site must be located within the City's urban growth management area (UGMA);
The Annexation Properties are within the City's UGMA.
 - B. The subject site must be contiguous to the existing city limits;
The Annexation Properties are contiguous to the existing city limits along their frontages.
 - C. The requirements of Oregon Revised Statutes for initiation of the annexation process must be met;
All property owners and at least one half of all registered voters residing at the Annexation Properties consented to the annexation by signing the annexation petition. Staff confirmed property ownership through Clackamas County Assessment and Taxation and voter registration through Clackamas County Elections Division. As submitted, the annexation petition meets the Oregon Revised Statutes requirements for initiation pursuant to the "Consent of All Owners of Land" initiation method.
 - D. The proposal must be consistent with Milwaukie Comprehensive Plan Policies;

Chapter 6 of the Comprehensive Plan contains the City's annexation policies. Applicable annexation policies include: (1) delivery of City services to annexing areas where the City has adequate services and (2) requiring annexation in order to receive a City service. Annexation will make these properties eligible to connect to the City's new sewer system. As proposed, the annexation is consistent with Milwaukie Comprehensive Plan policies.

- E. The proposal must comply with the criteria of Metro code Sections 3.09.050 (d) and, if applicable, (e).

The annexation proposal is consistent with applicable Metro Code sections for expedited annexations as described below.

9. Prior to approving an expedited annexation, the City must apply the provisions contained in Section 3.09.045 of the Metro Code. They are listed below with findings in italics.

- (1) Find that the change is consistent with expressly applicable provisions in:

- (A) Any applicable urban service agreement adopted pursuant to ORS 195.205;

There are no applicable urban service agreements adopted pursuant to ORS 195 in the area of the proposed annexation. The City, however, has an UGMA agreement with Clackamas County that states that the City will take the lead in providing urban services in the area of the proposed annexation. Pursuant to this agreement, the City has constructed a new sewer system in this area. Annexation will make these properties eligible to connect to this system.

- (B) Any applicable annexation plan adopted pursuant to ORS 195.205;
There are no applicable annexation plans adopted pursuant to ORS 195 in the area of the proposed annexation.

- (C) Any applicable cooperative planning agreement adopted pursuant to ORS 195.020 (2) between the affected entity and a necessary party;

There are no applicable cooperative planning agreements adopted pursuant to ORS 195 in the area of the proposed annexation.

- (D) Any applicable public facility plan adopted pursuant to a statewide planning goal on public facilities and services;

Clackamas County completed a North Clackamas Urban Area Public Facilities Plan in 1989 in compliance with Goal 11 of the

Land Conservation and Development Commission for coordination of adequate public facilities and services. The City subsequently adopted this plan as an ancillary Comprehensive Plan document. The plan contains four elements:

- *Sanitary Sewerage Services*
- *Storm Drainage*
- *Transportation Element*
- *Water Systems*

The proposed annexation is consistent with the four elements of this plan as follows:

Sewer: The City is the identified sewer service provider in the area of the proposed annexation and has recently completed construction of a public sewer system that can adequately serve the Annexation Properties.

Storm Drainage: The City will require on-site management of storm water runoff at the time of development and will regulate direct storm water discharge to Johnson Creek.

Transportation: The City will require public street improvements along the Annexation Properties' frontages at the time of development.

Water: Clackamas River Water (CRW) is the identified water service provider in this plan. However, the City's more recent UGMA agreement with the County identifies the City as the lead urban service provider in the area of the proposed annexation. The City is in the process of developing a water service master plan for all of the territory within its UGMA and discussing possible service provision changes with CRW. In the meantime, CRW will continue to provide water service to the Annexation Properties.

(E) Any applicable comprehensive plan.

The proposed annexation is consistent with the Milwaukie Comprehensive Plan, which is more fully described on the previous page. The Clackamas County Comprehensive Plan contains no specific language regarding City annexations. It does, however, contain the City-County UGMA agreement, which identifies the area of the proposed annexation as being within the City's UGMA. The UGMA agreement requires that the City notify the County of proposed annexations, which the City has done. The agreement also calls for City assumption of jurisdiction of local streets that are adjacent to newly annexed areas. The City has already annexed and taken jurisdiction of the streets in the NESE Project Area.

(2) Consider whether the boundary change would:

- (A) Promote the timely, orderly and economic provision of public facilities and services;

The City is the identified urban service provider in the area of the proposed annexation, and the proposed annexation will facilitate the timely, orderly, and economic provision of urban services to the Annexation Properties.

The City has recently completed a public sewer system in this area. Annexation will make these properties eligible to connect to this system.

The properties in this area are currently served by CRW and will continue to be served by CRW until such time as the IGA between the City and CRW is amended or renegotiated.

- (B) Affect the quality and quantity of urban services; and

Annexation of the Annexation Properties is not expected to affect the quality or quantity of urban services in this area given the surrounding level of urban development and the existing level of urban service provision in this area.

- (C) Eliminate or avoid unnecessary duplication of facilities and services.

The site will be served by the Milwaukie Police Department upon annexation. In order to avoid duplication of law enforcement services, the site will be withdrawn from the Clackamas County Service District for Enhanced Law Enforcement.

The properties in this area are currently served by CRW and will continue to be served by CRW until such time as the IGA between the City and CRW is amended or renegotiated. In the meantime, the City does not intend to duplicate CRW's existing water supply system or withdraw private properties currently being served by CRW from the CRW district.

10. The City is authorized by ORS Section 222.120(5) to withdraw annexed territory from non-City service providers and districts upon annexation of the territory to the City. This allows for more unified and efficient delivery of urban services to newly annexed properties and is in keeping with the City's Comprehensive Plan policies relating to annexation.

Wastewater: The Annexation Properties are within the City's sewer service area pursuant to the 1990 City-County Urban Growth Management Agreement and are served by the City's new sewer system.

Water: The Annexation Properties are within the CRW district and currently served by CRW. Pursuant to the City's IGA with CRW, none of these properties are to be withdrawn from the district at this time. They are to remain in the CRW district and continue to be served by CRW until such time as the City's IGA with CRW is amended or renegotiated.

Storm: The Annexation Properties are not connected to a public storm water system. Treatment and management of on-site storm water will be required when new development occurs. Most of the streets in this area are also not connected to a public storm water system. In the fall of 2010, storm water swales were installed as a part of the NESE project at key locations to reduce ponding.

Fire: The Annexation Properties are currently served by Clackamas County Fire District No. 1 and will continue to be served by this fire district upon annexation since the entire City and surrounding area is within this district.

Police: The Annexation Properties are currently served by the Clackamas County Sheriff's Department and are within the Clackamas County Service District for Enhanced Law Enforcement, which provides additional police protection to the area. The City has its own police department, and this department can adequately serve the Annexation Properties. In order to avoid duplication of services, the properties should be withdrawn from Clackamas County Service District for Enhanced Law Enforcement upon annexation.

Street Lights: The Annexation Properties are currently within Clackamas County Service District No. 5 for Street Lights (the "District").¹ As of July 1, 2011, an intergovernmental agreement between the City and the District transfers operational responsibility to the City for the street lights and street light payments in the NESE area, though the properties themselves remain in the District until they annex to the City. The Annexation Properties should be withdrawn from the District upon annexation, as the City provides street lighting for properties within the city as part of its package of city services.

Other Services: Planning, Building, Engineering, Code Enforcement, and other municipal services are available through the City and will be available to serve these properties upon annexation. The Annexation Properties will continue to receive services and remain within the boundaries of certain regional and county service providers, such as Tri-Met, North Clackamas School District, Vector Control District, etc.

¹ Not all streets in this area have street lights and only those properties on streets with lights are billed by the County for this service. Thirteen of the 31 Annexation Properties are currently billed by the District for street lighting.
