FINDINGS IN SUPPORT OF APPROVAL

Based on the expedited annexation staff report for 9950 SE Wichita St (the "Annexation Properties"), the Milwaukie City Council finds:

1. The Annexation Properties consist of two tax lots comprising 0.89 acres (Tax Map 12E30DD Lots 03100 and 03200). The tax lots are contiguous to the existing city limits on Wichita Street. The Annexation Properties are also within the City's urban growth management area (UGMA).

Tax Lot 03100 is developed with a single-family dwelling unit, and Tax Lot 03200 is vacant. The surrounding area consists primarily of single-family dwellings.
2. The property owners seek annexation to the City to access City services, namely sewer service, as well as to divide the properties. Tax Lot 03100 was allowed to make an emergency connection to the City's sewer system. Since City policy does not allow extraterritorial connections to City services, the property owners submitted an annexation application and Consent to Annex form prior to making the sewer connection, which obligated them to complete the annexation process.
3. The annexation petition was initiated by Consent of All Owners of Land on May 30, 2012. It meets the requirements for initiation set forth in ORS 222.125, Metro Code Section 3.09.040, and Milwaukie Municipal Code (MMC) Subsection 19.1102.2.A.1.
4. The annexation petition was processed and public notice was provided in accordance with ORS Section 222.125, Metro Code Section 3.09.045, and MMC Section 19.1104.
5. The annexation petition is being processed as an expedited annexation at the request of the property owner. It meets the expedited annexation procedural requirements set forth in MMC Section 19.1104.
6. The expedited annexation process provides for automatic application of City land use and zoning designations to the Annexation Properties based on their existing land use designation in the County, which is Residential R10. Pursuant to MMC Table 19.1104.1.E, the automatic City Comprehensive Plan land use designation for the Annexation Properties is Low Density Residential, and the automatic zoning designation is Residential Zone R-10.
7. The applicable City approval criteria for expedited annexations are contained in MMC 19.1102.3. They are listed below with findings in italics.
 - A. The subject site must be located within the City's urban growth management area (UGMA);
The Annexation Properties are within the City's UGMA.
 - B. The subject site must be contiguous to the existing city limits;

There are no applicable annexation plans adopted pursuant to ORS 195 in the area of the proposed annexation.

- (3) Any applicable cooperative planning agreement adopted pursuant to ORS 195.020 (2) between the affected entity and a necessary party;

There are no applicable cooperative planning agreements adopted pursuant to ORS 195 in the area of the proposed annexation.

- (4) Any applicable public facility plan adopted pursuant to a statewide planning goal on public facilities and services;

Clackamas County completed a North Clackamas Urban Area Public Facilities Plan in 1989 in compliance with Goal 11 of the Land Conservation and Development Commission (LCDC) for coordination of adequate public facilities and services. The City subsequently adopted this plan as an ancillary Comprehensive Plan document. The plan contains four elements:

- *Sanitary Sewerage Services*
- *Storm Drainage*
- *Transportation Element*
- *Water Systems*

The proposed annexation is consistent with the four elements of this plan as follows:

Sewer: *The City is the identified sewer service provider in the area of the proposed annexation and recently completed construction of a public sewer system that can adequately serve the Annexation Properties.*

Storm: *The Annexation Properties are not connected to a public stormwater system. Treatment and management of on-site stormwater will be required when new development occurs.*

Transportation: *The City will require public street improvements along the frontage of the Annexation Properties when new development occurs.*

Water: *Clackamas River Water (CRW) is the identified water service provider in this plan. However, the City's more recent UGMA agreement with the County identifies the City as the lead urban service provider in the area of the proposed annexation. The City is in the process of developing a water service master plan for all of the territory within its UGMA and discussing possible service provision changes with CRW. In the meantime, CRW will continue to provide water service to the Annexation Properties.*

- (5) Any applicable comprehensive plan.

duplicate CRW's existing water supply system or withdraw private properties being served by CRW from the CRW district. CRW will continue to be the water service provider in this area.

9. The City is authorized by ORS Section 222.120 (5) to withdraw annexed territory from non-City service providers and districts upon annexation of the territory to the City. This allows for more unified and efficient delivery of urban services to newly annexed properties and is in keeping with the City's Comprehensive Plan policies relating to annexation.

Wastewater: The Annexation Properties are within the City's sewer service area and are served by the City's 8-inch sewer line in Wichita Street.

Water: The Annexation Properties are currently served by CRW through a CRW water line in Wichita Street. Pursuant to the City's IGA with CRW, the sites should not be withdrawn from this district at this time.

Storm: The Annexation Properties are not connected to a public storm water system. Treatment and management of on-site storm water will be required when new development occurs.

Fire: The Annexation Properties are currently served by Clackamas County Fire District No. 1 and will continue to be served by this fire district upon annexation, since the entire City is within this district.

Police: The Annexation Properties are currently served by the Clackamas County Sheriff's Department and are within the Clackamas County Service District for Enhanced Law Enforcement, which provides additional police protection to the area. The City has its own police department, and this department can adequately serve the site. In order to avoid duplication of services, the Annexation Properties should be withdrawn from Clackamas County Service District for Enhanced Law Enforcement upon annexation to the City.

Street Lights: The Annexation Properties are currently within Clackamas County Service District No. 5 for Street Lights (the "District"). As of July 1, 2011, an intergovernmental agreement between the City and the District transfers operational responsibility to the City for the street lights and street light payments in the NESE area, though the properties themselves remain in the District until they annex to the City. The Annexation Properties should be withdrawn from the District upon annexation, as the City provides street lighting for properties within the city as part of its package of city services.

Other Services: Planning, Building, Engineering, Code Enforcement, and other municipal services are available through the City and will be available to the sites upon annexation. The Annexation Properties will continue to receive services and remain within the boundaries of certain regional and county service providers, such as TriMet, North Clackamas School District, Vector Control District, etc.
