

BE IT FURTHER RESOLVED, that the City Marshal shall within five (5) days from the date hereon, give notice of the passage of this resolution by posting three (3) notices headed "Notice of Sewer Work" on the streets along the line of the contemplated sewer, which notice shall contain a copy of this resolution and shall set the time within which remonstrances against said improvement may be filed.

BE IT FURTHER RESOLVED, that objections and remonstrances may be filed with the Recorder against the aforesaid improvement at any time within ten (10) days after the date of posting of said notices by the City Marshal and the same will be heard and considered by the Council at a special meeting of said Council to be held on the 21st day of April, 1926, at 7:30 P. M.

WHEREAS, it is necessary that said improvement be made at an early a date as possible, as said sewer is urgently needed, and it is necessary to take advantage of weather conditions in the construction thereof: now therefore an emergency is hereby declared to exist and this resolution shall go into force and effect immediately upon its adoption approval.

Adopted by the Council this 5th day of April, 1926, by the following vote: Yeas, all. Nays, none.

Submitted to the Mayor this 5th day of April, 1926.

Approved by the Mayor this 5th day of April, 1926.

A. E. Cowell, Mayor.

ATTEST: D. P. Mathews, Recorder.

#### RESOLUTION NUMBER 4-1926

"Whereas, The Oregon State Board of Health has requested the Mayor and Council of the Town of Milwaukie, Oregon to express their present intention in regard to future disposition of sewage for the said Town of Milwaukie.

BE IT RESOLVED that it is the present intention of the Mayor and Council of the Town of Milwaukie, Oregon, that the Town of Milwaukie, Oregon, shall employ any practical means in the disposal of its sewage, that shall be in general use by the Cities, Towns and private persons now disposing of their sewage in the Willamette River; and that the said Town of Milwaukie, Oregon shall join with other Cities, Towns and private persons in any practical plan to purify the Willamette River, by eliminating the dumping of untreated sewage therein.

BE IT FURTHER RESOLVED, That since the present character of the Willamette River, in regard to its impurity, is determined by the vast quantities of untreated sewage now deposited therein by Cities, Towns and private persons; and since a sewage treating plant for the small amount of sewage that is or can be deposited therein by the Town of Milwaukie, could serve no useful purpose, in that such a plant would not change the character of the river to any appreciable extent; that it is not the intention of the Town of Milwaukie, Oregon to install any sewage treating plant, until the other Cities, Towns and private persons, now depositing untreated sewage in the Willamette River, are willing and able to take similar steps.

BE IT FURTHER RESOLVED, That all sewers within the Town of Milwaukie, Oregon be so constructed that should any general steps for the purification of the Willamette River be taken; that a treating plant can be installed at a minimum expense and with slight interference with all sewers systems previously constructed.

BE IT FURTHER RESOLVED, That the sewer system now being installed within the Town of Milwaukie, Oregon is of such nature that a treating plant can be installed therein with practically no expense except the actual cost of such a plant and without in any way interfering with the present system.

BE IT FURTHER RESOLVED, That a copy of this resolution be forthwith mailed to the Oregon State Board of Health at its office in the Medical Arts Bldg., Portland, Oregon."

ADOPTED THIS 3RD DAY OF JUNE, 1926.

RESOLUTION NUMBER 5-1926

WHEREAS, the Town of Milwaukie, Oregon, is now engaged in the construction of a sewer system serving a part of the area embraced within said town, and the Oregon State Board of Health has requested the said town of Milwaukie, acting through its proper authorities, to express its intention with regard to the present and future disposition of sewage flowing through the said proposed system and any additions thereto.

THEREFORE, BE IT RESOLVED, that while it is the purpose of the town of Milwaukie for the time being to discharge the sewage from its said system into the Willamette River in an untreated condition, it is likewise the desire and the intention of the Town of Milwaukie to join in any general plan to stop the discharge of untreated sewage into the Willamette River and the Town of Milwaukie will join and cooperate with the Oregon State Board of Health and other municipalities in this state in the execution of any practical plan to purify the Willamette River by eliminating the discharge of untreated sewage therein.

BE IT FURTHER RESOLVED, That a copy of this resolution be forthwith mailed to the Oregon State Board of Health at its office in the Medical Arts Bldg., Portland, Oregon.

ADOPTED THIS 8TH DAY OF JUNE, 1926.

RESOLUTION NUMBER 6-1926

Resolution for Sewer Work

WHEREAS, heretofore there has been filed with the Council of the Town of Milwaukie, Oregon, a certain petition signed by the resident owners of more than one-fourth the area of the real property in a certain district, as hereinafter described, within the Town of Milwaukie, Oregon, praying for the making of certain improvements by the laying of sewers, and,

WHEREAS, the Council of the Town of Milwaukie deems it expedient and necessary to grant said petition and make the improvement hereinafter described in the manner set forth, and has required from the City Engineer plans and specifications for an appropriate improvement, and an estimate of the total cost of the work to be done, and,

WHEREAS, the City Engineer has heretofore filed said plans and specifications and estimates in the office of the Recorder: now, therefore,

BE IT RESOLVED BY THE COUNCIL OF THE TOWN OF MILWAUKIE, OREGON, that the aforesaid plans, specifications and estimates of the City Engineer now on file with the Recorder are found to be satisfactory, and are hereby approved, and,

BE IT FURTHER RESOLVED, that the Council does declare its intention of making said improvement, the location and kind of said improvement being as follows:

By the construction of certain sewers along the lines hereinafter stated, which said sewers shall include all catch basin inlets, and all other things necessary in the construction of said sewers, all to
