

# CITY OF MILWAUKIE

## CLASSIFICATION: UTILITY WORKER I

Department: Community Development/Public Works  
Location: Johnson Creek Blvd.

Grade Number: 6(56)  
Union: AFSCME

FLSA: Non Exempt  
EEO Category: 7 – Skilled Craft

## DESCRIPTION:

Performs regular and recurring installation, maintenance, repair and monitoring activities for City water, storm water, waste water, or street. Operates a variety of light and heavy equipment to accomplish duties. Responds to emergency situations. Responds to inquiries from the public. This position is distinct from the Utility Worker II in that this position does not routinely have lead worker responsibility over other Utility Workers.

## DUTIES AND RESPONSIBILITIES:

*(Tasks listed are intended to be descriptive and not restrictive. An employee in this classification may perform any of the tasks listed; however, these examples do not include all the tasks which an employee may be expected to perform.)*

**ESSENTIAL DUTIES AND RESPONSIBILITIES:** Any one position may not include all of the duties listed depending upon the area assigned (streets, storm water, waste water, or water).

1. Uses a variety of hand and power-operated tools and equipment such as shovels, picks, hand and small riding mowers, power hacksaw, drills, jackhammer, welders, compressor, portable concrete saws and weed whackers.
2. Operates all departmental heavy equipment as directed including backhoe, loader, dump truck, paver, roller, tractor, combination machine, aquatech, T.V. van, and sweeper.
3. Responds to public inquiries and service requests in a courteous and timely manner; evaluates citizen complaints by on-site inspection. Provides information within scope of knowledge or refers to other City staff. May follow through with written reports.
4. Installs and/or repairs main water, waste water and storm water lines, manholes and catch basins. Locates leaks. Lays and aligns pipe, accomplishes hookups; tests installation in accordance with established procedures, and back fills excavation.
5. Maintains lift stations, sanitary and storm sewers.
6. Conducts mapping of all utility infrastructure including storm, sewer, water and streets.
7. Inspects sewer lines, cross connections, manholes and sewer drain field manually or through remote cameras, tests and monitors mains and laterals to confirm connections, breaks, or flow direction. Installs or repairs sewer lines and laterals; backfills; landscapes, and repaves as needed. Operates high velocity jet flusher to clean flush, and restore sewer lines and combination sewer cleaner to clean and flush catch basins, sumps, drywells, French drains, detention ponds, and oil/water separators.
8. Conducts survey of streets, noting problem areas, potholes, cracks and sign damage. Performs street maintenance and repair, including hot paving, cold patching, and crack sealing.
9. Maintains right – of – way.
10. Installs water meters and meter replacements. Reads water meters. Installs, repairs, and services fire hydrants.
11. Collects samples for laboratory analysis, performs field test and lab tests on these samples to ensure compliance with local, State, and Federal laws and ordinances in the area of water treatment.
12. Repairs and maintains treatment and transfer equipment.
13. Locates water lines for other utilities.
14. Prepares and maintains logs and records of daily work activity including time, materials, and equipment utilized.
15. Participates in emergency operations as necessary.
