Hoping to enliven Milwaukie's commercial and industrial zones, the Milwaukie Arts Committee (known as "artMOB") received approval from City Council to establish a mural program in Milwaukie. This effort has been dubbed the "Milwaukie Mural Arts Program"—or "MMAP". Attend this information session to hear experiences and best practices from a panel of local art coordinators. Questions and comments will be encouraged!

The proposed MMAP design and code changes will be reviewed by Planning Commission and City Council in the Spring-Summer of 2012. There will be several opportunities to give your input including an online survey and public hearings. We want to hear from you!
