

November 5, Island Station Greenway Design Workshop Feedback

The City of Milwaukie planning staff and the consulting team greatly appreciate your participation in today's workshop. Building on the work we did together on October 21 we have developed some conceptual design options for your consideration.

Our goal for this evening's session is to discuss these concepts together and decide what options we should move forward for further design. The next step in the process will be to meet with Milwaukie's City Council to discuss your input and the design options.

The design concepts will be presented on screen, and can also be viewed on easels. Examine them, talk to the design team, ask questions and then please give us your feedback on this form.

1. Which design option do you think would be the **most visually attractive?** (**note: you will be asked which option you prefer on the next page?**)

19th Avenue

Option #1	Option #2	Option #3	Option #4	None

Sparrow Street

Option #1	Option #2	None

What specific features that influence your selection

2. **Shared use** of the roadways was a priority from the October 21st meeting. Which option do you think does the best job of providing shared space?

19th Avenue

Option #1	Option #2	Option #3	Option #4	None

Sparrow Street

Option #1	Option #2	None

What specific features that influence your selection

3. Which option does the best job of serving the following users? Please respond for both streets

	19 th #1	19 th #2	19 th #3	19 th 4	Sparrow #1	Sparrow #2	None
Cars							
Bikes							
Pedestrians							
Disabled (wheelchair, crutches, etc.)

Any specific comments?

4. Which design options do you **like the best**?

19th Avenue

Option #1	Option #2	Option #3	Option #4	None

Sparrow Street

Option #1	Option #2	None

What specific features do you like or dislike?

5. Which design options do you **like SECOND best**?

19th Avenue

Option #1	Option #2	Option #3	Option #4	None

Sparrow Street

Option #1	Option #2	None

Why?

6. Which design options can you live with (**THIRD best**)?

Option #1	Option #2	Option #3	Option #4	None

Sparrow Street

Option #1	Option #2	None

Why?

7. Cities often develop both short-term and long-term plans for the same facility when design ideas exceed current day budgets. Would you support the idea of short-term plans that largely maintain the existing conditions, plus long-term plans for more advanced designs if and when public funding becomes available?

Do you support or oppose planning for a 20 foot roadway?

Strongly Support	Somewhat Support	Neutral/Not Sure	Somewhat opposed	Strongly Opposed
