II. Project or Program Details

Note: Please attach additional pages as necessary to fully describe the proposed project or program.

Describe the goal and the need for the proposed project or program.

The goal is to provide an all night, chaperoned, substance free grad party for the class of 2024 in a safe, controlled environment. We want seniors to celebrate with us instead of having their own party. We hope to encourage them to attend based on the activities offered and the prizes they could win.

Who will be involved in the project or program and how has support evolved in the neighborhood/s?

We are a group of parents organizing this event. While we are a small group, we doubled our volunteers from last year. We are seeking donations from local businesses as well as hosting fundraisers in person and online.

Project Time Frame: Beginning Date 11/26/23 End Date 6/1/24

Please describe how the grant money, if approved, would be used:

Donations will be used to pay for the venue, outside vendors (photo booth, bounce house, etc) provide food, and offer prizes for all attendees. To give you an idea, last year our total cost was roughly \$12,000. This covered all the mentioned fees but also allowed every student to go away with \$30 in prizes and the opportunity to win more prizes. Prices have gone up and we anticipate more students attending this year and an overall cost of \$15,000.

III. Proposal Criteria

Project meets at least one of the following applicability criteria for value to the neighborhood. Check the appropriate boxes:

- (1) **Neighborhood Organizing/ Organization Development**
activities, services and materials that generate new neighborhood membership, grow the organization or educate neighborhood leadership toward the organization's development and continued operation.
- (2) **Neighborhood Physical Improvements**
materials and services to be used toward playgrounds, minor park improvements, community gardens or other facilities, neighborhood markers, identity signs, banners, trash cans, benches, etc.
- (3) **Neighborhood Preservation**
materials and services that sustain or enhance the health, public safety and welfare of the neighborhood such as crime watch, traffic management, or home weatherization programs; or contribute positively to the neighborhood's aesthetic quality such as design guideline development, community property maintenance programs or beautification programs.
- (4) **Neighborhood Cultural, Social or Recreational Initiatives**
materials and services that promote diversity, family literacy programs, neighborhood computer labs, after school enrichment programs, youth athletic leagues, career preparation, services for the needy, disabled or elderly and cultural activities such as music, dance, or art programs.

To the best of my knowledge, the project complies with all city, county and state codes.

Please provide any additional comments and information that you would like to share with the NDA/s about this proposal.

We are a small but mighty group. We want students to be involved with the community and to know that we appreciate your donations. If you have a need, we will try our best to help you get some student volunteers. We also are offering students who cannot afford a grad party ticket an opportunity to volunteer to earn their ticket. If you have any need for volunteers, please let us know.
