

Construction Begins In December

CREWS WILL MAKE THE FOLLOWING IMPROVEMENTS:

- Construct stormwater management improvements at various locations.
- Culvert work under Washington Street.
- Repave some streets.
- Build or replace sidewalk and curb ramps.
- Do underground utility work.

WASHINGTON STREET AREA IMPROVEMENTS PROJECT

FALL 2023

What You Can Expect During Construction

- Typical work hours are 7AM–6PM Monday through Friday. The contractor may occasionally work on Saturday.
- Some equipment may be stored overnight within the public right-of-way on neighboring streets.
- Expect traffic delays on and near Washington Street and adjacent streets.
- Some streets will be temporarily closed to through traffic, but crews will maintain access for local residents and emergency vehicles.
- During active paving work, the street will be closed to all traffic.
- Noise, vibration, and dust.
