

Wastewater System Improvements

Overnight Construction

Coming

The City's contractor, McDonald Excavating, Inc., is scheduled for overnight construction for two weeks at the **Milwaukie Station Food Cart Pods from Monday night to Friday night, April 10 to April 21**, excluding Saturday and Sunday nights.

This will close street parking on 21st Avenue from Main Street to the railroad tracks and restrict traffic to one lane while construction is active. Please make plans to remove your car from the construction zone by 7 p.m. each night.

21st Avenue will still be open in both directions. Look to the flaggers for directions through the construction site.

We may be delayed or finish early, but this is the only notice you will receive. So please contact me if you have any questions or visit our website for updates.
