

# Quarterly Financial Report

Reporting Financial Results  
through the fourth quarter  
ended June 30, 2011

## ***Executive Summary***

---

We are pleased to offer this financial report of City operations for your review. This report covers financial operations through the fourth quarter of the fiscal year ended June 30, 2011.

### **QUARTERLY HIGHLIGHTS**

This fourth quarter financial report summarizes the financial results for the fiscal year ended June 30, 2011 and highlights certain topics of interest.

#### ***Continuous Improvement***

The Finance Department continuously reviews the format, delivery, and presentation of financial information, as we recognize that this quarterly report format can be improved. With this quarterly report, we are introducing this Executive Summary which will provide narrative highlights, insights, and other financial updates that occurred during the quarter which the Finance Directors feel may be of interest.

Going forward, we will be trying out new formats with our Quarterly Financial Reports with the goal of providing even better information in more meaningful ways. Be sure to let us know your impressions as we appreciate your feedback.

#### ***Improvements to Finance Department Webpage***

Substantial improvements have recently been made to the Finance webpage to include the addition of financial material and relevant topical items. If you have not visited this website recently, we would encourage you to do so and let us know what else you would like to see: <http://www.ci.milwaukie.or.us/finance>.

#### ***Proposed Budget for the Fiscal Year 2012***

At the Budget Committee's April 28, 2011 meeting, the FY 2012 Budget was approved. There was additional opportunity for public testimony when the budget was considered for adoption by the City Council on June 7, 2011. This FY 2012 Budget went into effect on July 1, 2011 and includes the following utility rate increases, as recommended by the Citizen Utility Advisory Board (CUAB) to cover projects listed in the Capital Improvement Plan: 0% increase in the Street Fee, 15.5% in Water, 7% in Wastewater, and 7.5% in Stormwater resulting in an overall average increase of approximately 9% in your monthly utility bill or approximately \$5.40 per month.

The CUAB recognized the difficulties everyone is experiencing in today's economy and after smoothing out the needed infrastructure projects over the next five years, developed these recommendations focusing on the minimum percentage impact possible to all citizens of Milwaukie.

#### ***Local Budget Law in the State of Oregon***

Local Budget Law is found in the Oregon Revised Statutes, Chapter 294. The law sets out several specific procedures that Cities must follow during the budget process starting with Budget

Committees whose main purpose is to provide a forum for citizens to have an equal voice in the review of the City Manager's Proposed Budget. The budget must be completed and adopted by June 30th of every fiscal year, before the start of the following fiscal year budgeted or applicable biennial budget period to which it relates.

### ***Two Utility Assistant Programs Offered***

As a reminder, the City of Milwaukie continues to offer its residential customers a *Low Income Utility Program*. This reduced rate program is a waiver of the established base charge for water service; one half of the established base charge for wastewater (sewer) and storm water service; one-half of the established volume charge for wastewater service; and waiver of the street maintenance fee. For more information on the eligibility requirements for the *Low Income Utility Program*, please visit: <http://www.ci.milwaukie.or.us/finance/low-income-program> or call (503) 786-7525.

New with the FY 2012 Budget, a pilot program was approved called the *Emergency Utility Assistance Program*. Modeled after a similar successful program in West Linn, the idea is to provide emergency seed money to reduce City utility obligations to help those who find themselves in poor economic situations. This program is generally geared towards utility accounts showing solid payment history, but due to some emergency or dramatic loss in income, the citizen is unable to catch up on their utility obligations. This program just gives a little bit of help to get back on track with regularly monthly payments.

### ***Fourth Quarter Financial Results***

#### ***Reorganized Fund Structure***

We are committed to making the Milwaukie municipal budget as simple to understand as possible and pledge to be as transparent as possible. Effective as of the last day of FY 2011 and working with the Budget Committee, the previously overly-complex structure of 29 Funds, including eight (8) internal service Funds and six (6) enterprise Funds, was revised. Going forward, we have reduced the overall number of Funds from 29 to 8 Funds. This new Fund structure will provide the foundation for solid and transparent financial planning well into the future.

As you may imagine, reorganizing 29 Funds involves a comprehensive internal overhaul of the Chart of Accounts, journal entry processes, and transfer methodology. Change is hard for many, but in the end, we feel that the overall goal of improving the Milwaukie budgets so that they are simple, easily understood, supportable, and as transparent as possible to the citizens of Milwaukie, has been reached.

#### ***Highlights of Actual Financial Results***

As a reminder, during this fiscal year the outstanding debt on the Public Safety Building was paid off, closing the Public Safety Facility Debt Service Fund and two General Fund payments (a catch up from FY 2010 and one for FY 2011) were made to the Wastewater Fund for the Cash Spot Property loan, leaving the final payment due in FY 2012. The Wastewater Fund also completed its second part of the \$4 million loan from the State for the North East Sewer Area

Annexation project, with payments (and the corresponding ½ grant) commencing on October 1, 2011 of the new fiscal year. The FY 2011 fiscal year also represents the last year for the City to receive funding for fleet services from Clackamas County Fire District No. 1.

### Summary of Ending Fund Balances

Ending fund balances represent the amount of funds available at June 30, 2011 that the City has available to fund capital projects and to fund operations until tax proceeds arrive in November. During the budget process, we estimated that these ending fund balances (post Fund reorg) would come in at \$12,562,000. Actual ending fund balances came in at \$13,359,000 which is 6 percent better than our estimates. Note that \$300,000 of this was estimated to be spent on a new phone system in FY 2011 which was delayed to FY 2012. After allowing for this one project, the General Fund's ending fund balance essentially came in the same as what was estimated in the budget process and overall, about \$500,000 over what was estimated.

The Water Fund's ending fund balance is a concern as it ended the year with a negative balance causing this fund to be on "watch" status. Water Revenues came in \$200,000 short of budget at only 92% of what was previously planned. With an unusually extended winter bringing rain through part of July, water consumption was down city-wide.

### ***Milwaukie Finance and West Linn Finance Sharing Management***

We are committed to ensuring the fiscal integrity of the financial operations of both cities and we measure our successes in part by the feedback we receive. In this spirit and consistent with the theory of continuous improvement, we welcome any and all feedback. Below are the processes that the Finance Team will be focusing on over the next year:

- Audited Annual Financial Statement Preparation and Reconciliation
- Budget Process and Monitoring
- Five-Year Forecast and Strategic Planning
- Investment Management
- Debt Management
- Risk and Liability Insurance Management
- Internal Controls and Audits
- Banking and Cash Management
- Capital Assets and Project Tracking
- Payroll and Accounts Payable
- Utility Billing and Licensing

### ***Reminder that Citizens can now pay their Utility Bill Online***

You may now make your monthly Utility Bill payments on-line via credit card using the City's new online payment program from the convenience and security of your home computer. You can also make a payment by calling 1-800-701-8560, 24 hours a day, 7 days a week (a "live" person is available if you call between 8am to 9pm EST). Of course, the regular "non-online" ways of making payments are still available. These new services are simply one additional way to make payments for your convenience.

### ***Standard & Poor's Downgrades U.S. Debt to AA+***

The United States government has been rated Aaa and AAA with Moody's Investors Service and Standard & Poor's respectively since 1917. Accordingly, U.S. Treasury obligations have been the benchmark for risk-free investments for just about one hundred years. On July 13, 2011, Moody's Investors Service placed the Aaa bond rating of the United States government on review for possible downgrade given the rising possibility that the statutory debt limit would not be raised on a timely basis, leading to a default on treasury debt obligations.

In August 2011, Moody's and Fitch maintained their Aaa rating on U.S. debt, but issued a negative outlook. Standard & Poor's however lowered their rating one level to AA+, the first-ever reduction for U.S. debt. Standard & Poor's then lowered 11,500 municipal bond ratings tied to the federal government, but stated that they would not make further downgrades of state and local government credits, dependent on federal funding, until details of U.S. spending cuts are settled.

The City of Milwaukie is an AA- rated city, does not have any federal secured debt, and was not immediately/directly affected by these downgrades. Over the long term, the downgrades of AAA debt may eventually trickle-down and could affect all municipal debt holdings and general interest rates – it is hard to say the impact at this time.

### ***Reflection on Today's Economy***

As we close FY 2011 with this quarter's financial results, we would like to offer a reflection of the economic times we find ourselves in. Unlike the federal government, state and local governments cannot just ask the Federal Reserve to print up additional funding. California is facing a \$19 billion dollar budget deficit next year, and incoming governor Jerry Brown was quoted as saying "We've been living in fantasy land. It is much worse than I thought. I'm shocked." Fortunate in part to Measure 50 passing in the mid-1990s, Oregon is more insulated than other states, but not immune entirely. Local governments need to pass balance budgets, while conditioning themselves to living within their existing and sometimes declining revenue streams.

We value your trust and promise to ensure fiscal integrity in all that we do. As you review this quarterly report, I welcome your questions, comments, and any suggestions you may have. As always, the best way to contact us is by email at: [camorsc@ci.milwaukie.or.us](mailto:camorsc@ci.milwaukie.or.us).

Respectfully,

Casey Camors, CPA  
Finance Director, City of Milwaukie

Richard Seals, CPA CMA CFM CFE  
Finance Director, City of Milwaukie

Note: effective as of the last day of the current fiscal year (i.e., 6/30/11), the Great Fund Reorg of 2011 will occur as described in the FY 2012 Proposed Budget. As part of this reorganization, current year transfers will be recalibrated to allow for the consolidation and simplification of the 29 Funds down to the following 8 Funds. This report continues to reflect the previous format, but will be converted after July 1, 2011 to reflect the new format and Fund structure.

New Fund Structure:

General Fund:

1. General Fund

Special Revenue Funds:

2. Library Fund
3. Building Inspections Fund
4. Transportation Fund
5. Systems Development Charges Fund

Enterprise Funds:

6. Water Fund
7. Wastewater Fund
8. Stormwater Fund
