

CITY OF MILWAUKIE

MASTER FEE SCHEDULE

FY 2020

City of Milwaukie, Oregon

The City of Milwaukie provides a full range of municipal services to the community, including police protection, traffic control and improvement, street maintenance and improvement, water, wastewater, and surface water management services, planning and zoning regulation, building inspection and regulation, and community library services. This Master Fee Schedule consolidates all City fees and charges adopted by City Council resolution for the various services that the City provides. Typically, it is updated annually and reflects all fee resolutions passed by Council during the year.

Fee Variance and Waiver Statement

Based upon an unusual circumstance or event, past practices, demonstrated hardship, or public benefit, the City Manager is authorized to waive or decrease a fee(s) or charge(s) in a matter or establish a fee not yet authorized in this schedule. When a new fee is established by the City Manager it shall be incorporated into this document, and it shall be included and specified during the next update to this document.

A waiver or reduction request must be in writing and communicated to Council to allow opportunity for comment. If the City Manager or their designee agrees to said waiver or reduction, he/she shall inform the City Council, in writing, of the request and his/her decision, except in minor matters (defined as waivers or reductions valued at \$1,000 or less).

Effective Dates and Resolutions

The FY 2020 Master Fee Schedule fees are effective as of July 1, 2019 with the adoption of Resolution #R45-2019, adopted by City Council on June 4, 2019, unless otherwise noted.

1. ADMINISTRATION

a. Billable Hourly Rates

The City employee billable hourly rate shall be calculated as 2.5 times step 4 of the employee's job classification, to the nearest \$5 increment, unless otherwise specified. The classification schedule can be found on the City of Milwaukie website under Human Resources.

This calculation shall be used to recover costs for those services billed on an hourly basis, including, but not limited to professional services such as planning, engineering, public works, utility, financial, legal, and police services. The use of a multiplier of 2.5 is intended to recover all overhead, training, benefits, and other costs associated with a City employee's time. Any work performed during overtime hours shall be billed as the calculated hourly rate multiplied by 125 percent. The City Manager and/or department directors are authorized to adjust calculated billings to reflect the impact of unusual circumstances or situations.

2. BUILDING

Building fees include structural, mechanical, plumbing, and electrical charges. Fees are applicable to residential, commercial, and industrial properties unless otherwise specified.

Metro Business License versus City Business Registration or Both:

Instead of obtaining separate business licenses/registrations within each Portland-area city that you conduct business in, you can purchase a single license from Metro to construct, alter, and repair structures in 20 cities that have licensing/registration requirements in the metropolitan area, excluding Portland. The license covers all construction trades, both commercial and residential, as well as all landscape contractors. Exception: if your principal place of business is inside the City of Milwaukie, the business is required to apply for a City of Milwaukie Business Registration in addition to the Metro license.

For Metro applications, contact Metro at 503-797-1620 or visit their website at: <http://www.oregonmetro.gov/tools-working/regional-contractors-business-license>

6. FEES IN LIEU OF CONSTRUCTION (FILOC)

FILOC for Transportation, Water, Stormwater, Wastewater and Water Quality are established by City Council based on the impact of development on the appropriate infrastructure to serve the intended use. FILOC is available as an alternative to construction of the minimum required services when those services can be deferred in accordance with MMC 13.32. FILOC shall be indexed for inflation annually using the Engineering-News Record Construction Cost Index (CCI) for Seattle (Resolution #79-2016). The current year CCI increase of 0.83% has been applied to 2019 fees to determine current rates.

Transportation

Transportation FILOC is based on the historical cost to construct the minimum standard improvements for a local street per lineal foot of lot frontage.

Local	\$ 293 per lineal foot
Collectors & Arterials	Actual Cost + 50%
Public Area Requirements	Actual Cost + 50%

Water

Water FILOC is based on the historical cost to construct the minimum standard water main per lineal foot of lot frontage.

12. SYSTEMS DEVELOPMENT CHARGES (SDC) & CONSTRUCTION EXCISE TAXES

Per Oregon State Statute (ORS 223.304), SDCs are broken down into three components; (1) Reimbursement to recover existing facility capacity available for growth, (2) Improvement to fund planned capacity improvements for growth, and (3) Administration to recover direct costs. SDC fees for Water, Wastewater, Stormwater, and Transportation shall be indexed for inflation annually using the Engineering-News Record Construction Cost Index (CCI) for Seattle (Resolution 40-2007). This year's CCI increase of 0.83% has been applied to the 2019 fees to determine current rates.

Commercial	\$ 0.67 per square foot ¹

¹ Total commercial fee capped at \$32,600 per project. Private schools, public improvements, low-income (HUD) housing, hospitals, religious facilities, and agricultural buildings are exempt. Construction under 1,000 square feet is exempt.

Section 12: SDC & Construction Excise Taxes

Metro Construction Excise Tax

This charge is set by Metro. Rates herein are updated as changes and are adopted by their governing board.

Metro Construction Excise Tax

\$ 0.12 per \$100 of permit value

Construction projects valued at \$100,000 or less, development of affordable housing units, and permits issued to 501(c)(3) nonprofit organizations for projects aimed at serving low-income populations are exempt from this tax. Permits for Construction valued at over \$10 million will be assessed a flat \$12,000 fee (0.12 percent of \$10 million).

Bancroft Financing for System Development Charges

Bancroft Financing provides the opportunity for property owners of single family, multi-family, not-for-profit, public organizations, and commercial properties, to finance system development charges over a ten-year period, or less at the desire of the property owner, subject to the following interest rate (Ordinance 2108, adopted 2015):

Bank Prime Rate	Subject to change as published by the Federal Reserve System ¹
Administration	2.00%
TOTAL	Current Prime Rate plus 2.00% Administration

For the current bank prime rate visit: <http://www.federalreserve.gov/releases/h15/Current/>

Construction Excise Tax for Affordable Housing

Construction Excise Tax for affordable housing will be assessed at one percent (1%) of the value of the improvement as determined by the construction or building permit(s). The following exemptions outlined herein shall be applied in accordance with establishing ordinance 2154 of the Milwaukie Municipal Code. Permits for construction projects valued at \$100,000 or less are exempt from this tax as well as permits for development of affordable housing units at or below 80% Median Family Income (MFI), public Improvements under public contracting code, schools, hospitals, places of worship, agriculture, non-profit care, affordable for-sale single family housing—at or below 80 percent MFI, and Accessory Dwelling Units for 5 years from time of adoption. (Ordinance 2154, adopted November 21, 2017)

¹ The bank prime rate established by the Federal Reserve is updated periodically as determined by the Federal Reserve Board. The current bank prime rate can be found on the Federal Reserve website under "bank prime loan".

Comparison Graph – Single Family Residential

This graph compares the average utility bills for the neighboring cities surrounding Milwaukie. As some cities bill monthly, some bill every two months, and some bill every three months, these amounts are converted to average monthly amounts, so they are comparable to Milwaukie. Cities increase different rates at different times during the year; therefore, this graph is simply a picture in time reflecting the rates when the survey was conducted. Cities have different average water consumption amounts per household; For the sake of this comparison, these rates are computed using an average 6ccfs of water used per month to be comparable to Milwaukie's overall average. Below are Milwaukie's calculations:
