## Volunteer Opportunities and Community Support

Thank you for your interest in volunteering at the library. The best way to help support our library is to help the Friends of the Ledding Library, a separate 501(c)(3) organization. They raise thousands of dollars through sales throughout the year. The profits go back to support library programming, materials and other services such as the cultural pass program and providing the Book Page publication to our community. If you are interested in volunteering for the Friends of the Ledding Library, please fill out the application on the back of this form and return it to a staff member or Friends Volunteer.

**While we are currently at capacity for adult volunteers in the library, there are many other great organizations providing resources that directly impact and benefit our community and library. They need your volunteer help too!**
