Neighborhood Main Streets Project

Open House

You told us A Neighborhood Main Street has...

A Vibrant, Local Economy

A variety of locally-owned, small businesses meets everyday shopping and convenience needs for residents of immediate neighborhoods.

A few specialty retailers draw in customers from outside the neighborhood.

Safe, Accessible Streets

Sidewalks, crossings and street lighting on the Main Streets create a safe and comfortable environment for pedestrians.

Streets in and around the area offer safe routes for walking, driving, bicycling, and public transportation.

Adequate parking serves businesses without overwhelming the pedestrian environment.

Neighborhood-scale Identity

Businesses are oriented along a main street, whose small scale and design blend easily into the surrounding residential neighborhood.

Places are available for residents to gather, such as a park, community center, cafe, or pub.

Street trees, bio-swales, and landscaping increase the attractiveness of the area.
