

**COUNCIL RESOLUTION No. 45-2022**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MILWAUKIE, OREGON, REVISING FEES AND CHARGES AND UPDATING THE MASTER FEE SCHEDULE FOR FISCAL YEARS 2023 AND 2024.**

**WHEREAS** it is the policy and practice of the city to require the discernment and recovery of certain city costs from fees and charges levied in providing various services, products, and regulations, and

**WHEREAS** the city manager shall periodically cause a review of city fees and charges to recover city costs in providing services, products, and regulations, and recommend adjustments to the City Council, and

**WHEREAS** Milwaukie advisory boards, commissions, and committees periodically recommend adjustments to the fees and charges levied in providing services, products, and regulations, and

**WHEREAS** the city manager has caused a review of all city fees and charges, has received guidance from advisory boards, commissions, committees, and city staff, and has finalized the updated master fee schedule.

**Now, Therefore, be it Resolved that:**

SECTION 1. The City of Milwaukie "Fees" document included as Attachment A to this resolution is hereby adopted.

SECTION 2. This resolution supersedes previously adopted fee resolutions.

Introduced and adopted by the City Council on **June 7, 2022**.

This resolution is effective on **July 1, 2022**.

Mark F. Gamba, Mayor

APPROVED AS TO FORM:

Scott S. Stauffer, City Recorder

Justin D. Gericke, City Attorney

**Fiscal Years 2023 & 2024**

**Fee Schedule**

## City of Milwaukie, Oregon

---

The City of Milwaukie provides a full range of municipal services to the community, including police protection, traffic control and improvement, street maintenance and improvement, water, wastewater, and surface water management services, planning and zoning regulation, building inspection and regulation, and community library services. This Fee Schedule consolidates all City fees and charges adopted by City Council resolution for the various services that the City provides. Typically, it is updated annually and reflects all fee resolutions passed by Council during the year.

## Fee Variance and Waiver Statement

---

Based upon an unusual circumstance or event, past practices, demonstrated hardship, or public benefit, the City Manager is authorized to waive or decrease a fee(s) or charge(s) in a matter or establish a fee not yet authorized in this schedule. When a new fee is established by the City Manager it shall be incorporated into this document, and it shall be included and specified during the next update to this document.

A waiver or reduction request must be in writing and communicated to Council to allow opportunity for comment. If the City Manager or their designee agrees to said waiver or reduction, he/she shall inform the City Council, in writing, of the request and his/her decision, except in minor matters (defined as waivers or reductions valued at \$1,000 or less).

## Effective Dates and Resolutions

---

The FY 2023 and FY 2024 Fee Schedule fees are effective as of July 1, 2023 with the adoption of Resolution #R45-2022, adopted by City Council on June 7, 2022, unless otherwise noted.

## 1. ADMINISTRATION

### a. Billable Hourly Rates

The City employee billable hourly rate shall be calculated as 2.5 times step 4 of the employee's job classification, to the nearest \$5 increment, unless otherwise specified. The classification schedule can be found on the City of Milwaukie website under Human Resources.

This calculation shall be used to recover costs for those services billed on an hourly basis, including, but not limited to professional services such as planning, engineering, public works, utility, financial, legal, and police services. The use of a multiplier of 2.5 is intended to recover all overhead, training, benefits, and other costs associated with a city employee's time. Any work performed during overtime hours shall be billed as the calculated hourly rate multiplied by 125 percent. The City Manager and/or department directors are authorized to adjust calculated billings to reflect the impact of unusual circumstances or situations.

## 2. BUILDING

Building fees include structural, mechanical, plumbing, and electrical charges. Fees are applicable to residential, commercial, and industrial properties unless otherwise specified.

### Annual Adjustment

Structural, mechanical, electrical and plumbing designated permit fees shall be automatically adjusted by 2.5% each July 1st based on the average percentage of the changes in the Western Consumer Price Index (CPI-U) second half report, published in February for the last 5 years, effective July 1, 2023 ending July 1, 2028.

#### **Metro Business License versus City Business Registration or Both:**

Instead of obtaining separate business licenses/registrations within each Portland-area city that you conduct business in, you can purchase a single license from Metro to construct, alter, and repair structures in 20 cities that have licensing/registration requirements in the metropolitan area, excluding Portland. The license covers all construction trades, both commercial and residential, as well as all landscape contractors. Exception: if your principal place of business is inside the City of Milwaukie, the business is required to apply for a City of Milwaukie Business Registration in addition to the Metro license.

For Metro applications, contact Metro at 503-797-1620 or visit their website at: <http://www.oregonmetro.gov/tools-working/regional-contractors-business-license>

<b>Wastewater<sup>4</sup></b> – per lineal foot of site frontage	\$240.00	\$250.00
<b>Stormwater Management<sup>5</sup></b> – per square foot of new or changed	\$14.00	\$14.00

FILOC may be available as an alternative to construction of minimum required improvements in accordance with MMC 13.32. FILOC for Transportation, Water, Stormwater, Wastewater, and Stormwater Management Facilities are established by City Council based on impact of development on the infrastructure serving the proposed use. FILOC for Transportation, Water, Stormwater, and Wastewater are based on historical costs to construct the facility per lineal foot of frontage. FILOC for Stormwater Management Facilities is based on historical costs to construct a facility per square foot of added or changed impervious area draining to the public system. FILOC is indexed for inflation annually using the Engineering News-Record Construction Cost Index (CCI) for Seattle, WA (Resolution #79-2016), based on a 5-yr running average.

<sup>1</sup> Transportation FILOC is based on the historical cost to construct the minimum standard improvements for a local street.

<sup>2</sup> Water FILOC is based on the historical cost to construct the minimum standard water main.

<sup>3</sup> Stormwater FILOC is based on the historical cost to construct the minimum standard storm main.

<sup>4</sup> Wastewater FILOC is based on the historical cost to construct the minimum standard sanitary sewer main.

<sup>5</sup> Storm Water Quality FILOC is based on the historical cost to construct the minimum required water quality facility for impervious surfaces created that drain to a public storm system without treatment.

Temporary structure (Type I)	\$50.00	\$50.00
Variance to fence height (Type II)	\$500.00	\$500.00

<sup>1</sup> The fee includes the zone change to apply the PD symbol to the zone map. Any change to the base zone requires an additional Type IV application and fee.

<sup>2</sup> Replat fees are similar to those of the action they replicate, except that, if the standard application fee for whichever review type the replat is subject to is higher than the one listed in this table, the standard application fee for that review type is the one that will apply to the replat.

<sup>3</sup> A subdivision application fee is required for any subdivision that is being reviewed as part of a Planned Development.

Minor Applications include:

- Type I applications
- Type II applications, except for projects that would result in;
  - more than four residential units, or
  - construction with more than 10,000 sq. ft. of new or additional floor area
- Type III applications for;
  - variances on sites with three or fewer residential units, or
  - natural resources or Willamette Greenway review

Major Applications include:

- Multiple applications packaged together
- Type II applications that result in;
  - more than four residential units, or
  - construction with more than 10,000 sq. ft. of new or additional floor area
- Type III applications, except for;
  - variances on sites with three or fewer residential units, or
  - natural resources or Willamette Greenway review
- Type IV or V applications

**Note:** The City Manager (or designee) may reduce the fee for Early Assistance for a major application where it can be demonstrated that the level of staff effort required will be similar to what would be required for a Minor Application.

<sup>1</sup> Applies to optional meetings attended by a maximum of two City staff. No written notes provided.

<sup>2</sup> Applies to required or optional meetings that require three or more City staff. Written summary notes provided two weeks after meeting.

## Materials

Most materials are available online for free or contact Planning for additional information:

<http://www.milwaukieoregon.gov/planning/planning-documents-ordinances-plans-and-guidelines>

The fee for a copy of any planning document (e.g. the comprehensive plan, the zoning ordinance, ancillary plans, etc.) shall be charged based on the number of copied pages. The standard City copy fee shall apply; refer to section 8 of this document.

<sup>1</sup> Fee will be refunded if applicant prevails. If claim is denied, additional money may be required to cover contract-attorney or appraiser costs, as determined by City Manager.

<sup>2</sup> Waived for LUCS for emergency sewer connection.

<sup>3</sup> Fee applies to site plan revisions generated by applicant, not those required by staff during review process.

## 11. TREES IN THE CITY

Trees are considered valuable urban infrastructure that should be nurtured and protected as a community asset. The Milwaukie Municipal Code Chapter 16.32 Tree Code, Council Ordinance 2197 is to establish, maintain, and increase the quantity and quality of tree cover on land owned or maintained by the City and within rights-of-way, and to ensure our urban forest is healthy, abundant, and climate resilient.

Per the City of Milwaukie Tree Code, a right-of-way (ROW) tree removal permit is required for all trees that are over 2" DBH (diameter at breast height) that are located in the ROW or on city property. A tree is considered to be in the ROW if any portion of its trunk falls in the ROW. A pruning permit is required if more than 20% of the tree's canopy is going to be removed or if more than 10% of its root system will be impacted. To prune or remove a tree that is in the ROW, an ROW permit application must be submitted along with a \$50.00 application processing fee. A permit application is typically approved if the tree is invasive, dead/dying, diseased, has significant infrastructure impacts that cannot be reasonably mitigated, or poses an unreasonable risk to public safety. Replanting a street tree from Milwaukie's approved Street Tree List is a condition of permit approval.

## Trees in the City Continued

On April 19th, 2022, residential tree code (Ord. 2216) was adopted unanimously by city council as a way to compliment the comprehensive plan housing and parking code updates while preserving and enhancing tree canopy in Milwaukie. Being a primarily residentially zoned community, the majority of Milwaukie's tree canopy is located on private property. To meet the established canopy goals of 40% canopy cover by 2040, Milwaukie adopted residential tree protections as a way to preserve existing trees and require the replanting of trees if another is removed. Development sites must also meet robust tree standards to ensure that new housing units are constructed with the community's canopy goals in mind.

Effective May 19th, 2022, trees that are greater than 6" DBH on residentially zoned private properties are regulated by the Milwaukie Tree Code (MMC 16.32.042). Property owners looking to remove a tree in a non-development situation must apply for a Type 1 or Type 2 tree permit before removal. Type 1 tree permits are for removal circumstances where the tree is dead, dying, hazardous, or impacting infrastructure or public safety in ways that cannot be mitigated. Type 1 tree permit applications are available at no cost to the applicant, and no removal fees are required. Type 2 tree permits are for the elective removal of healthy trees. Type 2 tree permits incur a \$50.00 application fee and if approved, applicants must pay healthy tree removal fees. Replanting is a condition of approval for most permitted tree removals.

Development tree code applies when new or additional housing units are constructed on residentially zoned properties, or when a property is being subdivided with the intention of constructing new housing units. The development tree code includes standards for tree preservation, tree planting, tree protection and soil volume requirements which must be met or mitigated for. Milwaukie's urban forest staff work with the city's community development department and engineering department, as well as the developers themselves, to meet the standards of the new tree code and integrate the requirements with the existing land use code and Public Works standards to create development sites that achieve the city's housing, parking and canopy goals.

### 13. SDC & Construction Excise Tax

SDC fees for Water, Stormwater, and Transportation shall be indexed for inflation annually using the Engineering-News Record Construction Cost Index (CCI) for Seattle (Resolution 40-2007). The CCI increase is 2.5%. Based on Oregon State Statute (ORS 223.304), the charges are broken down into three components; (1) reimbursement (to recover existing facility capacity available for growth), (2) improvement (to recover planned capacity improvements for growth), and (3) administration (to recover direct costs).

Comparison Graph – Single Family Residential for FY 2023

These graphs compare the average utility bills for the neighboring cities surrounding Milwaukie. As some cities bill monthly, some bill every two months, and some bill every three months, these amounts are converted to average monthly amounts, so they are comparable to Milwaukie. Also, cities increase different rates at different times during the year; therefore, this graph is simply a picture in time reflecting the rates at the time that the survey was conducted. And finally, cities have different average water consumption amounts per household; so for the sake of this comparison, these rates are computed using an average 6ccfs of water used per month to be comparable to Milwaukie's overall average. Below are Milwaukie's calculations:

	July 1, 2021			July 1 2022			July 1 2023
