City of Milwaukie – Planning Department

We are requesting a variance for two 6-ft-tall x 8-ft-wide lumber framed metal screens to be installed along our front property line. These screens will be incorporated into our new landscaping along our front property line to provide a pleasing design esthetic along with increased privacy. The existing 8-foot hedge was removed during the Lake Road Improvement Project. With the newly widened bike path and the re-opening of the high school, we believe this landscaping plan (if approved) will bring back the degree of privacy previously enjoyed.

This design will not have a detrimental effect to surrounding properties, natural resource areas, or public health, safety, or welfare. Nor will the design interfere with planned future improvements to any public transportation facility or utility identified in an officially adopted plan such as the Transportation System Plan or Water Master Plan. There is no existing design nor negative impacts to the surrounding area.

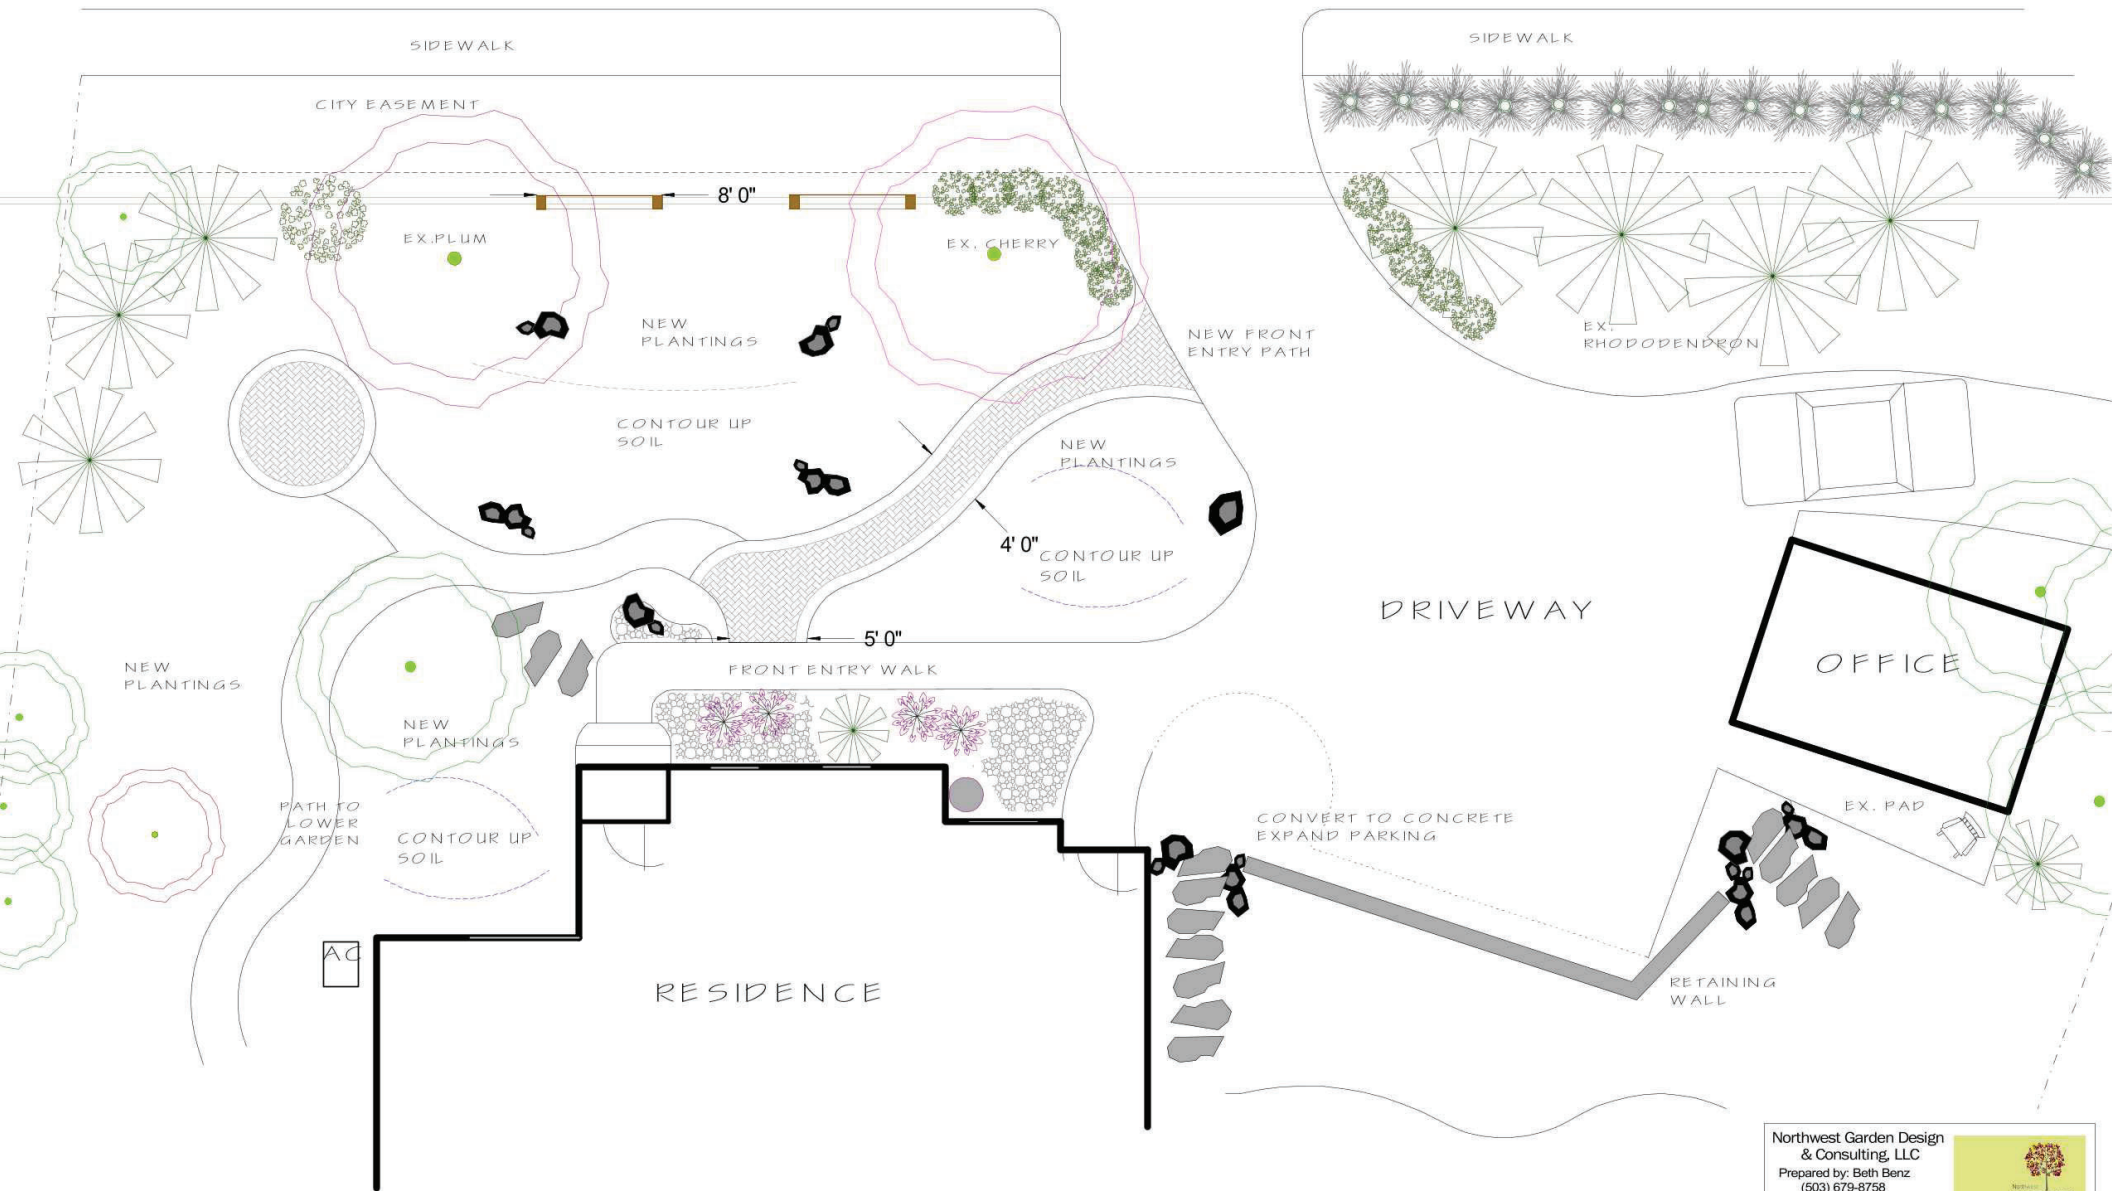

If you have any questions, please don't hesitate to contact us.

Thank you for your consideration,

Amanda Foley and Steve Gemmell
