Re: Certification of Public Notice Sign Posting for  
Land Use File # \_\_\_\_\_

I am the applicant for the above-referenced land use file for the property at:

\_\_\_\_\_.

I hereby certify that I have received one public notice sign from the City of Milwaukie and have read and understand the City’s administrative rules for posting public notice signs. I further attest that I have posted and will maintain the sign provided to me by the City and any additional required signs as prescribed by the administrative rules.

I understand that failure to properly post and/or maintain the required public notice signs will preclude the City from issuing a final decision on this land application. I further understand that if I fail to properly post and maintain the signs, the City may require me to extend the deadline by which the City must issue a final decision on this land use application, as described in Milwaukie Municipal Code Section 19.1001.7.C and Oregon Revised Statute 227.178.

I certify that the above information is true and correct.
