

## Help create Milwaukie's first Climate Action Plan!

Coming together to create a Climate Action Plan is a powerful, crucial step in making sure our community remains a place to thrive.

### What is a Climate Action Plan?

A Climate Action Plan is a roadmap that will put Milwaukie on a path to achieve goals related to climate preparedness and reducing carbon emissions. Created by the community and informed by the latest science, the Climate Action Plan will include opportunities for people who live and work in Milwaukie to take action and preserve the things we hold dear. Developing a Climate Action Plan is a leading priority in Milwaukie's Community Vision and Action Plan and a key City Council goal.

### Why is a Climate Action Plan needed?

Climate change is an undesired yet real challenge facing our planet. We're already witnessing more extreme weather and climate events in our region. In the future, Milwaukie could experience higher temperatures, more frequent and intense storms, higher flood risk and air quality impacts. Together, we can identify strategies that will help preserve what we love for current and future generations.

By planning ahead, we can:

- ✓ Be prepared and resilient to climate changes
- ✓ Collectively work to reduce our emissions
- ✓ Create a stronger local economy
- ✓ Take care of those that might be struggling
- ✓ Create a place that is more comfortable to live in

# Be a Part of the Solution!

Working together, we can develop a practical, rewarding and sustainable path forward for our community.

## Attend a Climate Action Plan Committee meeting

The Climate Action Plan Committee (CAPC) is a liaison to the greater Milwaukie community and advise City staff and City Council throughout the project. The CAPC will meet three times, and committee meetings are open to community members. Meeting materials and dates will be posted on the project website.

## Join us for a Climate Action Plan Summit

In spring 2018, the community will be invited to learn about proposed mitigation strategies and share their ideas at a Climate Action Plan Summit.

## Share your thoughts

For more information or to share your thoughts, please contact: Peter Passarelli, Public Works Director [passarellip@milwaukieoregon.gov](mailto:passarellip@milwaukieoregon.gov)

## Schedule

2017	Dec	■	Project kick-off
2018	Jan	■	Climate Action Plan Committee (CAPC) appointed
	Feb	■	CAPC meeting #1
		■	Workshops to determine priorities for mitigation and adaptation
	Mar	■	Mitigation actions scaled and evaluated
	Apr	■	City Council goal setting
		■	CAPC meeting #2
		■	Online public survey
	May	■	Climate Action Plan Summit
		■	Draft Climate Action Plan developed
	Jun	■	CAPC meeting #3
	Jul	■	CAPC meeting #4
		■	Climate Action Plan adopted by City Council

Throughout

- Community engagement
- Members of the public encouraged to share comments and questions with project team
