## Neighborhood District Association (NDA) Grant Program Application

### I. Applicant Information

Project/Program Name: Milwaukie Environmental Stewards Group Sustainability Fair

Project/Program Contact Person: Pam Denham and Terri Geier Brindell

Phone: 503-850-8478 Email: milwenvironmentalstewards@gmail.com

Website Address (if any): milwaukieESG.org

Mailing Address: 5529 SE Foxfire Street

City/State: Milwaukie, Oregon

Amount Being Requested: \$ 500.00 Date: 3/24/22

Partnering Organizations (if any): \_\_\_\_\_

### II. Project or Program Details

**Note:** Please attach additional pages as necessary to fully describe the proposed project or program.

Describe the goal and the need for the proposed project or program.

The Sustainability Fair is made for ALL citizens & businesses in Milwaukie to learn about what we, as everyday people, can do to help reduce landfill issues,  
plastic use & learn about reusable products. We will have James recycling there to accept your hard to dispose of/recycle items from  
your homes/businesses such as cords & string lights, unnumbered plastics like straws, bottle caps, clear egg & produce containers.  
We will have food & beverages for sale, kids activities, speakers and Bigfoot roaming the crowds to speak with kids & more!

Who will be involved in the project or program and how has support evolved in the neighborhood/s?

All citizens of Milwaukie are invited and encouraged to attend the fair. Milwaukie Environmental Stewards Group (MESG) has been  
supported in the past by NDA's to help us ban plastic grocery bags in Milwaukie and to establish a Styrofoam recycling  
site at Exceed Enterprises.

Project Time Frame: Beginning Date 9/17/22 End Date 9/17/20

Please describe how the grant money, if approved, would be used:

The grant money would be used to help defray the cost of expenses: event insurance, porta potties, equipment rentals  
(such as a stage and PA system), etc.

**III. Proposal Criteria**

Project meets at least one of the following applicability criteria for value to the neighborhood. Check the appropriate boxes:

☐**(1) Neighborhood Organizing/ Organization Development**

activities, services and materials that generate new neighborhood membership, grow the organization or educate neighborhood leadership toward the organization's development and continued operation.

☐**(2) Neighborhood Physical Improvements**

materials and services to be used toward playgrounds, minor park improvements, community gardens or other facilities, neighborhood markers, identity signs, banners, trash cans, benches, etc.

☒**(3) Neighborhood Preservation**

materials and services that sustain or enhance the health, public safety and welfare of the neighborhood such as crime watch, traffic management, or home weatherization programs; or contribute positively to the neighborhood's aesthetic quality such as design guideline development, community property maintenance programs or beautification programs.

☒**(4) Neighborhood Cultural, Social or Recreational Initiatives**

materials and services that promote diversity, family literacy programs, neighborhood computer labs, after school enrichment programs, youth athletic leagues, career preparation, services for the needy, disabled or elderly and cultural activities such as music, dance, or art programs.

☒

To the best of my knowledge, the project complies with all city, county and state codes.

Please provide any additional comments and information that you would like to share with the NDA/s about this proposal.

MESG is working to promote & inspire sustainability practices in our everyday lives by informing & educating Milwaukie residents & local leaders about how all people can lessen our negative impacts on our environment.

Our fair promotes services & information for all citizens of Milwaukie in each neighborhood and business.
