Site Visit to Riverfront Park Construction Site

Mr. Rice led a site tour and provided information about the progress of the Riverfront Park Phase 2 construction.

Regular Meeting

Due to the lateness of the hour after the site tour, the Task Force chose not to convene the Regular Meeting, and instead decided to defer those meeting topics (the primary item being a discussion about a potential Capital Campaign) to its September meeting.

Due to Task Force member schedule conflicts, it was decided that the September meeting would be on September 22, 2014 (vs. Sept. 15).
